The Linotype Way is the Way that Wins.

Official paper of the Town of Gresham, Oregon. Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the postoffice at Gresham, Oregon, under the act of March 3, 1879.

WILSON'S BIG STICK.

President Wilson is threatening to use a bigger stick than ever Roosevelt did to carry out his tariff policies. He promises to campaign every state where democratic senators do not conform to his views, thus bringing them with the fold by force, if necessary.

ELECTION OF SENATORS.

Direct election of United States senators is to be an accomplished fact, the requisite number of states having approved a constitutional amendment to that effect. A bill will be introduced in congress to make uniform elections in all the states on a plan similar to that now used by them in the election of governor.

Fifteen hundred children in Washington county engaged in a spelling contest which ended on Saturday. The winner was Harold Knox who was awarded a prize of ten dollars.

Portland baseball fans were greatly disappointed in their favorites—the Beavers. Oakland tied them, one to one, on the opening day before 17,000 rooters, and then walloped them every day during the remainder of the week.

San Francisco Chinese district is in a state of seige as a result of the tong feuds. If it were Japs instead of chinks their nation would be protesting to the United States government.

Portland's new bridge, the Broadway, was officially opened and christened this afternoon. The ceremonies were imposing and appropriate, including an automobile procession of over a mile in length.

Some fool people count their chickens before the eggs have been laid.

A MENACING PROBLEM.

When, a few weeks ago, we mentioned the Japanese invasion of Eastern Multnomah and cited the situation in California as having a bearing on the potato market, we were not aware of the sentiment that is seeking to prevent the Japanese from owning real estate or renting it for more than one year within the boundaries of the golden state.

The Japanese government is, of course, making a serious protest and has appealed to President Wilson and the state department to prevent California from passing the proposed laws.

Those sentimentalists "back east," who favored the Chinese invasion of the Pacific coast and who now dery any effort to suppress the growing influence of the Japanese on our coast industries have no conception of the true situation.

No doubt but Japan will resent the action of our sister state, but then our own preservation should be our first concern. Oregon is suffering directly from the Japanese blight in the loss of the potato crop and it will suffer more if the Japs are allowed to enter into closer competition here at home.

Columbia Heights

What will become of the white man after a while, is now an important question. If some thing is not done before a great while the Japanese will have possession of our fertile land. On my way to Gresham a few days ago, was surprised to see that the Japs has got hold of nearly all of the big ranches, and as no white man, can compete with them, it looks rather serious.

Mrs. Grace Benfield has gone to Portland to say good bye to her friends before leaving for Raymond, Washington, where James Benfield will be engaged in carpenter work.

Mr. and Mrs. King, of Portland, were out in their auto on Sunday at the Heights.

Mrs. Henderson, the hostess at the Chantecleer, had as her guests last week, her daughter Mrs. Hunter, of Portland, and also her daughter-in-law, Mrs. Hackett.

Mr. and Mrs. P. Anderson had her little son Laurence operated on last Friday at Gresham by Drs. Short and Hughes. The little fellow is doing nicely.

Mrs. Rasmussen and daughter Allee, were in the metropolis on Saturday.

Mr. and Mrs. Durand have moved into their new house on the Corbett estate.

Lewis Larson was a guest at the Benfield bungalow on Saturday.

Columbia grange will give a dance on Saturday, April 26, at the grange hall.

W. Deaver has gone on the road again in Uncle Sam's service as railway mail clerk.

A. Woodward came home last Sunday, to spend a short time at the family fireside.

The ranchers at the Heights are very busy getting in their spring work, which has been much delayed on account of the bad weather. However, most of the grain is finished, and several have started planting potatoes.

The little spotted trout has to suffer these Sundays. The town sport is having the time of his life, and is making an early start in the morning.

Mr. and Mrs. R. P. Rasmussen were guests at dinner at Columbia View farm on Sunday.

INDIVIDUAL RESPONSIBLE NOT THE SOCIETY

Editor Outlook:—Not long ago I noticed two editorial comments in the Outlook which seemed to charge the Farmers' Society of Equity with antagonism to the Oregon Agricultural College. These charges I believe were based on certain printed clippings in a Clackamas county paper, assuming to be the mouthpiece of the Equity society.

The Best Light

AT THE LOWEST COST

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light.

ELECTRICITY can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore.

ELECTRIC LAMPS can be located in any place, thus affording any desired distribution of light.

NO OTHER LAMPS possess these qualifications; therefore, it is not surprising that

ELECTRIC LAMPS are rapidly replacing all others in modern establishments.

This clack from Clackamas is as much the voice of the Equity society as the buzzing of the fly on the bull's horn is the voice of the bull. Our agricultural college is young yet but it is of the right breed.
