Light**

**AT THE LOWEST COST**

ELECTRIC LIGHT is the most  
suitable for homes, offices, shops  
and other places needing light.

ELECTRICITY can be used in  
any quantity, large or small,  
thereby furnishing any required  
amount of light. Furthermore,

ELECTRIC LAMPS can be located  
in any place, thus affording  
any desired distribution of light.

NO OTHER LAMPS possess these  
qualifications; therefore, it is  
not surprising that

ELECTRIC LAMPS are rapidly  
replacing all others in modern  
establishments.

Sandy is to have a big Fourth of July celebration. Will it also be a sane Fourth without the noise and smoke of firecrackers? If so it will surely draw a crowd with its splendid band and beautiful picnic grounds. Let all help to further the idea of world peace by celebrating an up-to-date Fourth without the noise and smoke which reminds of battle.

**Jenne Station**

Drinking a woman or two, a joyride and then a smashup is the way the story usually runs. At least such was the facts last Wednesday when a party of joyriders from Portland, consisting of two men and a woman run smack bang up against a wire fence near the Jenne home. The driver seeing too many roads in front of him made the mistake of taking a wire fence for a county road. None of the occupants except for a good shaking up, were much the worse from the experience. The front of the machine, however, was almost a total wreck. After Forrest Jenne had assisted them out of the mix-up and had pulled them out on the main road with his auto, they finally after a little fixing up, managed to head back to Portland at the speed of about two miles an hour.

Mrs. A. Woodburn and daughter Helen spent a pleasant evening at the Springhill farm Wednesday.

**Laurel Steel Ranges**

The largest part of a woman's duties are performed in the kitchen. If this room is well appointed her work becomes a source of enjoyment.

The selection of a right range is an all important point. A Laurel Steel Range will complete the arrangements of an other-wise "up-to-date" kitchen, and be a comfort and a joy to the user.

**"Something Different and Something Better"**

is our claim. That Laurel Steel Ranges have all the features of other ranges is easily proven. Laurel Patented Features in addition—make the difference and confirm our assertions of superiority. These special features are too numerous to be all mentioned.

**The Laurel Two-Flue Construction**  
**The Laurel Quick Heating Reservoir**  
are two.

Let us explain all the merit points of Laurel Steel Ranges to you. We will be glad to see you at any time.
