

GRESHAM OUTLOOK TWICE A WEEK Published every Tuesday and Friday at Gresham, Oregon

H. L. ST. CLAIR, Editor and Publ'r.

Our Subscription Rates One year, \$1.50; six months, 75c; three months, 50c.

Advertising Rates reasonable. Our representative will call. Phone 701. 'The Linotype Way is the Way that Wins.'

Official paper of the Town of Gresham, Oregon. Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the postoffice at Gresham, Oregon, under the act of March 3, 1879.

There is a growing suspicion that Secretary Bryan is not big enough for the position. What would he have been as president?

Hay harvest at its zenith and a big crop. Already low prices are facing the farmer in his struggle against the higher prices of what he has to buy.

Eighteen hundred new teachers just turned loose in Oregon. Is that an indication of the growth in population or is the profession becoming overstocked?

Wild blackberries are like pheasants in a thickly settled community—not enough to go around. Both had better be banished to the sparsely settled districts.

A suggested new style for men's trousers is to slit the legs half way up to the waist. They might be laced for effect. At any rate they would be excellent offsets to the split skirts.

Seattle's mayor seems to be inviting another recall campaign, judging from the way he temporizes with the I. W. W. and seeks to throttle an independent newspaper. Luckily he was overruled by those higher in authority.

Orders by the Livestock commission sanctioned by the county courts, to keep all dogs tied up or muzzled in Multnomah and the north half of Clackamas counties is a prudent move and should be observed. Numerous cases of rabies and two deaths from hydrophobia are sufficient incentive for the order.

Horace Butterfield, of Portland, has invented a chronometer that instantly records the position of a ship at sea and does other surprising things. It is the greatest invention of the century and will become of universal use. They will be made by the Waltham Watch company and will sell for a thousand dollars apiece.

That the dairy business in the coast counties has been established on a paying basis is evidenced by the fact that the Clatsop county Co-operative Cheese Association has recently been paying 7 per cent more per pound for butter fat than the market price. The average amount of milk now being received is nearly 6,000 pounds per day with a prospect of greatly increased supplies in the near future. An ice manufacturing plant will be installed before the advent of hot weather next season.

Attention has recently been called by the Oregon Agricultural college, to the fact that many farmers who are so unfortunate as to have hay injured or spoiled by rain are making the mistake of either burning it in the field or allowing it to rot in piles. It is stated that spoiled clover or alfalfa hay is worth \$8.50 to \$10.00 per ton as fertilizer if evenly spread over the fields and plowed under, and that every ton of hay so worked into the soil is approximately worth four tons of fresh manure! A ton of clover hay contains 40 pounds of nitrogen, 5 pounds of phosphorus and thirty pounds of potash, which, if purchased in the open market would cost the farmer about \$10.50, and as clover and vetch is yielding about two and a half tons per acre this season, the plowing under of the spoiled hay adds a fertilizer value of not less than \$25 to each acre.

Buy it now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by Gresham Drug Co., and Dealers everywhere.

Subscribe for your dailies through the Outlook.

NEWS FROM SANDY

The Center of Large Lumbering, Dairying and Farming Activities

SANDY, July 21—The Sandy ball team carried off the victories on the home grounds at the trial game with the Mt. Hood creamery team.

A large attendance was present at the last meeting of Odd Fellows lodge, the newly elected officers were installed and a banquet and social time was enjoyed by all. The new officers are as follows: Noble grand, R. F. Ditter; vice grand, Frank Patterson; warden, J. A. Albel; conductor, F. E. Beckwith; inside guardian, F. Longensand; outside guardian, W. Strock; R. S. S., Otto Meinig; L. S. S., Percy T. Shelley; R. S. N. G., W. W. Curtis; L. S. N. G., R. E. Esson; R. S. V. G., August Johnson; L. S. V. G., Walter Kaiser; chaplain, W. H. Barendrick.

R. E. Jarl has rented his 20-acre farm to Mr. Lamoreaux, of Oregon City, who with his family is now occupying the old homestead.

The Commercial club held its annual meeting Wednesday evening. Many important topics were discussed. W. A. Proctor, A. L. Deaton, and Paul Dunn, who will represent Sandy at the good roads meeting, which will be held in Portland some time next month, were in favor of constructive and crushed rock or gravel road, from Sandy to Cottrell, along the Bluff road. Funds are to be raised by subscription, special taxes and aid will be asked from the Portland Automobile club and the county court.

There will be a meeting of school district No. 46 at the schoolhouse, July 28, at 2:30 p. m., the object of this meeting is to vote a special tax for maintaining the high school grades.

Ten head of cattle made it lively around the pound one day this week, when night drew nigh a husky farmer living east of Sandy called to redoom them and seemingly had quite a time getting them home.

Gus Linquist, who is employed at a nearby sawmill, met with quite a serious mishap the other day, while at work he injured his arm in such a manner as to lay him up for some time.

Mrs. Barendrick is entertaining her sisters of Portland, for a few days.

Rev. Ingles, of Salem, preached both morning and evening at the M. E. church Sunday. Ernest Smith the regular preacher, is now in southern California.

The German Lutheran church will hold its annual mission festival Sunday, July 27, in the grove near the church, to which everybody is cordially invited. The services in the morning will be in German, in the afternoon they will be in English.

Mr. and Mrs. Breyman, of Barton, called on Mr. and Mrs. C. D. Purcell recently.

H. Distel, of Portland, spent the week in Sandy.

The men who have been working on the new telephone lines from Sandy to Eagle Creek and Rhododendron, have completed their work and have returned to Portland.

Oswald Rambow, who formerly resided on a ranch near Sandy, is a visitor in our burg at present. Mr. Rambow, who is now a well to do cattleman, lives near Prineville and owns a large stock ranch and seems well pleased with Eastern Oregon.

Mr. and Miss Krause, of Portland, spent a few days with Mr. and Mrs. Caspar Yunker.

Mr. and Mrs. A. L. Deaton spent Tuesday in Lents attending the funeral services of their ten year old grandson Irving Mackey, who finally passed away after a long illness at

the home of his parents, Mr. and Mrs. Mackey, of Lents. The many friends of Mr. and Mrs. Deaton deeply sympathize with them in their bereavement.

Mrs. W. W. Curtis and little daughter Wilma, are spending a few weeks in Seattle with friends during their stay and will also take in the Golden Potlatch festivities.

Gustave Dahrens, who has spent some time in Hood River and Eugene, returned to Sandy last week.

Now that the warm weather has undoubtedly come to stay for some time at least, things will be buzzing all along the way up to Government Camp and the Wayside Inn will be filled with guests. Brightwood with its new Mt. Hood hotel will be an attractive place for summer tourists. A large party of Portland people were out on its opening day. Sandy was also well represented and everyone reports a good time.

J. C. Couper and daughter, of Northfield, Minn., are the guests of G. Couper, seven miles east of Sandy. Mr. Couper who is the father of Professor Couper, is an old veteran 83 years old, but in spite of his age, is still very active, hale, and hearty and seems greatly pleased with what he has seen of the west.

The Best Light

AT THE LOWEST COST

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light.

ELECTRICITY can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore,

ELECTRIC LAMPS can be located in any place, thus affording any desired distribution of light.

NO OTHER LAMPS possess these qualifications; therefore, it is not surprising that

ELECTRIC LAMPS are rapidly replacing all others in modern establishments.
