## HAPPENINGS IN THE NEARBY METROPOLIS

PORTLAND, July 31.

To the Editor—(Special.)—The thirty remaining cases against the strike agitators which are on the municipal court docket will be continued indefinitely according to an arrangement between Municipal Judge Stevenson and City Attorney LaRoche, who believe that now that the ringleaders, Tom Burns and Audolph Schwab, are under conviction, there will be no more trouble at street meetings. Belle Goldish, one of the agitators, has been released on her promise to leave for California at once.

Wm. Christman, manager of the Home Creamery, 261 Russell street, was in municipal court yesterday charged with using tainted cream in his business, but the charge was speedily dismissed after he had proved that cream that is about to sour is the sort used almost entirely in the making of ice cream. Christman scornfully reproached Sanitary Inspector Jacobson for not knowing this fact.

At a meeting yesterday of representatives of the various public utility companies having power and telephone transmission lines on Front street, with City Commissioners Daly and Dieck, arrangements were made for the abolition of poles in that street and the use of conduits for all wires. An ordinance to that effect has been prepared and indorsed by Commissioner Daly.

Changes in train schedules effective on the O-W. R. & N. main line and branches next Sunday, August 3, and which provide for reduction in the running time of train No. 6 from Portland to Chicago to seven-and-a-half hours and the inauguration of a new train between Portland and Salt Lake City, also necessitate many important changes on branch lines over the entire system. The new train between Portland and Salt Lake City will make stops at many of the principal points on the main line.

C. R. Davis yesterday was appointed by Mayor Albee and City Health Officer Marcellus, assistant city milk inspector. W. M. Reilton was appointed market inspector. Both appointments were made to fill positions created about three weeks ago by the city commission.

Despite the protests of church people, Sunday baseball is not to be prohibited in Portland parks and playgrounds. This was decided yesterday by City Commissioner Brewster after a conference with members of the old City Park board. Every member of the board was in favor of Sunday ball. There has been much complaint from the churches because children are allowed to play regular playground league games on Sunday and are assisted by playground directors. Commissioner Brewster and members of the Park Board concluded that there was no reason why the games should not be permitted on Sunday.

We have a second hand bicycle in A. 1 condition, \$12.00. Sterling & Kidder.
