"The Linotype Way is the Way that Wins."

Official paper of the Town of Gresham, Oregon.
Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the postoffice at Gresham, Oregon, under the act of March 3, 1879.

FOLLOWING THE GRANGE.

"The Farmers Society of Equity of the State of Oregon has decided to have a legislative committee. President Grisenthwaite will soon appoint them and we would suggest that they frame a bill for our legislature to allow our Agricultural College to devote about fifty per cent of their appropriations to scientific marketing of what they teach us how to produce. That's Equity."

"Another thing they could do would be to encourage our U. S. senators and representatives from Oregon to eliminate the restrictions for manufacturing denatured alcohol. We farmers could get a profit from our potatoes and compete with the Standard Oil Co., in furnishing autos with a better power and later on we might be able to buy an auto for ourselves. Stick tight to the organization."

The above is taken from the Equity column of the Oregon City Courier. It is exactly in line with the grange idea and should be of assistance to the Equity people if properly carried out.

Mr. Grisenthwaite is a granger and is only following the grange plan. He is a safe man at the helm of the Oregon Equity and may in time bring the new order to a position where it will rival the grange. He can't make any mistake if he follows up grange ideas.

USELESS RESERVES.

The national banking law provides that every national bank in a reserve city or central reserve city shall have a reserve of lawful money equal to 25 per cent of its deposits and every country bank shall have a reserve equal to 15 per cent of its deposits. If the amount of reserve falls below this percentage it is provided that the bank shall not increase its liabilities by making new loans, nor make any dividend of its profits until its reserve has been restored.

The penalty for failure to maintain such reserve or to restore it within thirty days is the appointment of a receiver to wind up the affairs of the defaulting institution.

Last fall many institutions failed to maintain their reserves at the legal limit fixed. They failed to do so in 1907. The Comptroller of the Currency was aware of the violation of the strict letter of the law but he appointed no receivers. He realized last fall, as he has realized before, that in a stringency banks must pay out their reserves or invite panic. Is it not a foolish law whose application would cause panic or disaster.

The release of \$50,000,000 by the government, as contemplated at this time for the movement of this year's crops is a movement that will meet with hearty approval all over the country. Sixty leading bankers of the United States have signified their hearty co-operation and are to be allowed the handling of the money at no profit to themselves. The rate of interest will be very low but the loans will only be temporary, or until the crops are safely put away.

With such action on the part of the government there will be no panic nor extortionate rates of interest.

The Monarch Oil and Refining Co., of Portland, has quit business, and it is rumored that the Rothschilds will take the plant over and give the Standard Oil a tussle. Both companies have everything greased for the occasion and it would give old Doc. Yak a chance to get cheap gasoline.

Someone should invent a new, sure shot dishwashing machine for the use of families. So many pianos now that there are no dishwasher girls left.

Get ready for the open season on Chinese pheasants. All kinds of guns and ammunition at Sterling & Kidder's.

NEWS FROM SANDY

The Center of Large Lumbering, Dairying and Farming Activities

Recall Speeches at Sandy.

Judge Beattie and County Commissioner Blair, of Clackamas county, will hold a public meeting in Sandy on Wednesday, Aug. 13, at 8 o'clock, at which time they will answer the charges made against them in the recall proceedings to be voted upon. This is a matter of deep interest to all citizens of Clackamas county whatever their attitude toward these officials and is sure to bring out a large crowd.

SANDY, Aug. 7.—Mrs. C. D. Purcell entertained a number of little folks and their mothers the other day, the affair was given in honor of her little niece Henrietta, who with her parents has been the guest of her aunt Mrs. C. D. Purcell. The principal feature of the afternoon was the playing of little Golda Baker an exceptionally gifted pupil of Mrs. Purcell, who had come from Portland to enliven the afternoon with her fine music. Her executions by Bohn Lange and Krogmann proved a delight to those who had come to hear her and gave evidence of becoming more than an ordinary pianist some day. Ruth Barendrick, a tiny tot of four years, spoke a charming piece and Henrietta, the guest of honor sang several songs in a dainty manner. The petite Miss, who is unusually bright for her age, as she is only seven years old, has the distinction of being the first girl born of Presbyterian missionaries in the far away Philippines and consequently will be feted wherever she goes. The musical given in her honor will be but a forerunner of the many affairs that have been planned for her during her brief stay in the homeland.

Miss Selma Doltz, James Shoemaker and little Golda Baker, who were the guests of Mr. and Mrs. C. D. Purcell for a few days, returned to Portland Monday morning.

The fine new homes of Mr. Lenartz and Mr. Glockner are well nigh completed and prove quite an addition to Sandy.

S. Darling, and E. Pinn, of Washougal, Wash., spent some time calling on friends in Sandy recently.

F. E. Clark recently sent for a setting of Crystal White Orpington eggs and when they hatched, one of the chicks was black as coal, this is a clear case of reversion to a former type, as the original source of the White Orpington was the black Sussex fowl of England more than 20 years ago.

F. Fournier, of North Yakima, was a welcome visitor in Sandy last week. After a few days' visit with his father he departed for San Francisco.

F. D. Andrews' father and brother of Seattle spent a few days in Sandy recently.

A. L. Deaton has as his guest his cousin, W. S. Leid, of Midvale, Idaho. A dance under the direction of A. Smidt and W. Allen will be given in Shelley's hall Saturday evening.

Mrs. W. W. Curtis and daughter, Wilma, who spent almost a month in Seattle, returned to Sandy the first of the week.

Peter Heigh, who owns the most slightly ranch on the Bluff road was quite ill last week but at this writing is much improved.

Now that the Camp Fire Girls are fairly organized some one should have the boys welfare at heart and organize a Boy Scout club. Who will be the first to head the good work?

Mrs. Caspar Yunkers and daughters Katie and Mary, are spending a week with friends in Portland.

Nearly every man and woman in Sandy registered last week.

J. C. Loundree recently purchased a large auto truck and is making trips between Boring and Sandy as well as two trips to Portland each week hauling freight.

Mr. Krebs is enjoying life at Helix, Oregon, and expects to remain there indefinitely.

Rev. Ernest Smith, the regular pastor of the M. E. church, filled the pulpit Sunday morning after two months absence in California, Washington and Montana. In the evening Rev. Paul Doltz gave a talk of his experiences in the missionary field in the Philippine Islands.

The Mt. Hood hotel had its formal opening Saturday and consequently cots and beds were at a premium.

The hay crop in this vicinity is very good both in quantity and quality and farmers are quite busy getting it harvested these days.

Part of the hatchery has been removed to Camp 6, where Mr. Humphrey has put up a very fine rack across the river just a little below the dam and a large number of Chinook salmon can be seen there now.

Mrs. Ronald Esson and children are spending a few weeks with friends and relatives in Portland, Woodburn and Mt. Angel. Hence the Esson bungalow presents a lonely picture these days.

Rev. and Mrs. Paul Doltz and daughter Henrietta left for Portland Tuesday where they will remain a week, after which they will go East by way of the Yellowstone Park. After touring the park they will make a prolonged visit in their old home in Minnesota, going later to Lincoln, Nebraska, Washington, D. C., and New York, where they expect to spend part of their furlough.

Mr. Wendling, C. D. Purcell, A. L. Deaton and Mr. Eddy spent Thursday in Estacada.

Dr. Boyd, of Portland, who is now enjoying his vacation with his family at his ranch near Cherryville, spent a short time in Sandy the other day.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by Gresham Drug Co., and Dealers everywhere.

The Best Pain Killer.
Bucklen's Arnica Salve when applied to a cut, bruise, sprain, burn, or scald, or other injury of the skin will immediately remove all pain. E. E. Chamberlain, of Clinton, Me., says: "It robs cuts and other injuries of their terrors. As a healing remedy its equal don't exist." Will do good for you. Only 25c at all Druggists.

And still Assassin Huerta's "government" is not recognized by President Wilson—probably never will be.

Cherryville

Alex. Brooke is visiting in Cherryville and is stopping at the Cherryville hotel.

Rev. J. Boyd and family are out to the ranch for the summer.

Mrs. Frank Serios, was taken seriously ill last Wednesday, but is now getting along all right.

Mrs. Revenue and daughter, of Sandy, were visitors at the home of Mr. and Mrs. Wm. Rugh.

Quite a number of young people visited the dam on the Sandy river to see the beautiful falls and scenery.

Mrs. Martha Linfield and granddaughter, of Portland, is living on her ranch once more.

Parnell Averill and F. E. Clark went prospecting for blackberries at Snag camp Monday evening.

Eyes tested and glasses fitted. Dr. Geo. Ingles.

The Best Light

AT THE LOWEST COST

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light.

ELECTRICITY can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore.

ELECTRIC LAMPS can be located in any place, thus affording any desired distribution of light.

NO OTHER LAMPS possess these qualifications; therefore, it is not surprising that

ELECTRIC LAMPS are rapidly replacing all others in modern establishments.
