SANDY, Aug 14.—A large and enthusiastic audience attended a meeting Tuesday night held by Coun Judge R. B. Beattie of Clackamas county, and Commissioner Blair. A movement has been inaugurated to recall Judge Beattie and Commissioner Blair, on the charge of malfeasance in office. Judge Beattie in a very able and masterly way answered all charges brought against him by the recall petition and endeavored to show that the recall movement had its inception from a few disappointed job seekers.

There is no more interesting spot in Oregon than the beautiful classical region known as the Sandy River valley and the region in the vicinity of Mt. Hood. For the tourist seeking living pictures of beautiful scenery, the one to be obtained by a trip to Mt. Hood can hardly be excelled. The writer has observed the beautiful scenery of the Rockies through Colorado, and the wonderful Sierra of California and has viewed the wonderful scene from the summit of Tamalpais in California, but can conscientiously say that none of these can hardly compare with the beautiful scenery of the upper Sandy River valley.

At the gateway of this panorama of nature, is the little city of Sandy. It occupies a strategic position upon the bend of the bluff bordering on Cedar creek and the Sandy river, such that all travel from the north and east must pass through the city and it is only a question of time when our little burg will be one of Portland's finest suburbs.

Indications are that Judge Beattie and Commissioner Blair will be retained in office by a large and overwhelming majority.

Former County superintendent of schools of Multnomah county, R. F. Robinson was in Sandy on business Tuesday.

R. E. Jarl of Kelson was in Sandy yesterday.

Mr. Kleeman, who is recuperating at his summer home from a serious illness, is improving nicely, due to the delightful climate of Sandy.

A fire completely destroyed Mr. Emily's outfit in the mountains recently.

Sixty-one names were added to the Cascade precinct registration lists last week. Of these thirty were men and thirty-one were women.

County Judge R. B. Beattie and Commissioner N. Blair shortly will make an inspection tour in and around this vicinity. They will look over the bridge as far east as the Salmon river.

Miss Eliza Leick, a high school instructor of San Francisco, and her brother Carl Leick, U. S. Lighthouse architect, who spent a few days at Mrs. Otto Kleeman's pretty summer home, departed for other climes. They seemed loathe to leave the beautiful scenery and delightful walks in and around this section of the country.

Robert Renner, who accidentally shot himself while camping near Government Camp is improving nicely under the care of Dr. Botkins.

Beulah Baringer and a group of her schoolmates are enjoying their vacation immensely, seven miles east of Sandy and regret that the old summer days do not last longer.

Now that the deer season has come, hunters and those in search of venison should heed the good advice and wear the red coat, in order to avoid trouble to themselves and others as well.

Mr. Schminky and son Bruce came down from their ranch in Dover to spend a few days in Sandy.

The school district newly formed east of Sandy will take a goodly number of school children out of this district, and thus lessen the teacher's burden.

The ordinance authorizing the appropriation of \$300 for the purchase of the chemical engines from the Columbia Engineering Works, was voted down at the last council meeting, hence Sandy is still without the much needed fire protection.

The pastor of the Baptist church has resigned. The Rev. Mr. Harrison since coming here has endeared himself to every member of the community with whom he has come in contact and his ministry has been productive of much good through his powerful preaching and earnest evangelical work. Owing to lack of harmony the work of a preacher here is not made altogether pleasant and frequent changes do not at all help to advance a struggling congregation.
