**Mothers! Have Your Children Worms?**

Are they feverish, restless, nervous irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and the child is made happy and healthy, as nature intended. All druggists or by mail, 25c. Kickapoo Indian Medicine Company, Philadelphia, Pa. St. Louis, Mo.

Notice is hereby given that C. E. Greenwood, formerly driver for the New Method Laundry of Lents, is no longer in our employ. L. L. Pratt will care for our interests in the future.

### BOYS AND GIRLS ARE ENCOURAGED

TO THE BOYS AND GIRLS:—I hope you are all having a good time during vacation, playing some, working some, and reading some; and not forgetting to prepare your exhibits for the school fairs. Had you thought about how soon they will be here? Only a few short weeks now, and the time will pass quickly. Procrastination is said to be the thief of time. Do not let it be the thief of those prizes you have no doubt had your heart set on winning. It is so easy to waste time and get slack in our habits, especially during vacation. Everyone ought really to set apart certain hours each day for play, for work, and for reading. You will be surprised how much more you will accomplish.

If you are raising garden stuff to exhibit, do not neglect it. The weeds will keep growing these hot days just the same, and if you do not keep them hoed or pulled up they will rob your pumpkins or potatoes of the moisture they need, and they will not grow to be prize winners. If you are raising poultry, do not fail to feed the fowls regularly and well and handle them carefully so they will be gentle and in good condition.

If you expect to exhibit sewing and win that sewing machine, gold watch, or some other attractive prize, you have no time to lose. If you would win in the bread making contest, you cannot practice too much. Do not be afraid of soiling your hands with the dough. It is no disgrace to work, and horny hands are honorable.

Do not overlook the fact that the railroads will carry your exhibits to and from the state fair free of charge. The children of no other state are so generously treated by the rules and regulations in the State Fair prize list which tells you what you have to do in order to get the free rate.

Some boy or girl who reads this may say "I have to work hard all the time and never have a vacation and do not have time to prepare anything for the fair." I hope very few of you are entirely deprived of a vacation, but as to having to work hard, you really ought to be thankful for that. Hard work does not hurt you if you do not chafe and worry about it. Our best and greatest people have had to work hard. Surmounting difficulties brings out the best that is in you, and develops strength of character. The best exhibits at the school fairs last year were generally made by children who had to work hard. Loafers do not win prizes at fairs nor in the battles of life.

Perhaps you are not yet acquainted with Mr. Churchill, our new state superintendent, but you will have an opportunity to meet him some day, I hope. I am sure you will like him; he says he is very much interested in the boys and girls of Oregon, and especially in seeing them learn the practical details of life. He is anxious to see definite results from the Industrial department. It is up to you to show such results, boys and girls, and I am sure you will do your part.

Very truly yours,  
N. C. MARIS,  
Field Worker Industrial Fairs
