GREATER GRESHAM PLANS.

H. J. Stocker's idea for a greater Gresham is not chimerical, an radical as it seems.

In either event the river bottoms along the Columbia slough are some day going to be covered with vast enterprises.

The county road lately opened to the Columbia river is a continuation of the road from Gresham.

There is much to be said for the idea as advanced by Mr. Stocker and as he is in touch with some of the big interests of Portland there is a chance that the matter will be heard of again, and that soon.

EUGENIC BABY SHOW.

Mrs. LaMoine Livingstone, who gave a lecture at the picture theater last night, is making an effort to have the baby show at the fair this year changed to something more important.

Mrs. Livingstone says that it will require 38 babies to make up a "show" and that all care and attention will be given them by competent matrons and physicians who will be in charge.

The state grange got so many roasts from subordinate granges, and so few subscriptions came in that the Bulletin was shut out to all members as usual this month.

The offer of the express company to handle farm produce comes a little late but the parcel post can go it one better any time by increasing the size of the parcel, making more stuff mailable and reducing the postage.

Our new road supervisor, J. B. Small, has taken hold of the road work out here in earnest, but he hasn't made any change in superintendents yet, so far as heard from.

Slang in baseball stories is going into a decline; also nicknames for clubs. We crave pardon of the time pieces and will call them Sun Dials more frequently hereafter.

Free sugar is assured in the tariff reform measure. They waited until the fruit canning season was over.

The woman who fails to say "because" must have another excuse.

Victory belongs to the most persevering.

TIMELY HINTS FOR THE COMING FAIRS

TO THE BOYS AND GIRLS.—Recently I reminded you of the near approach of the state fair and your home fair.

If you do not have a copy of the State Fair prize list, call on your county school superintendent, or write to State Superintendent J. A. Churchill, Salem, Oregon, and he will send you one.

If you are going to enter the pig feeding contest it is time you had your pigs on full feed. There are two valuable prizes offered in the pig feeding contest, and the boys who enter this contest will gain valuable experience.

Oregon boys and girls led every state in the Union with their school fairs last year, and we are expecting them to keep up their record this year.

Melrose

Rev. J. H. Wood is having a larger front porch built and is roofing his house. He is doing the painting himself.

Mrs. C. O. Branson visited her friend Mrs. Wm. Henderson at Portland two days this week.

The Victory schoolhouse people enjoyed some fine biblical stereopticon views recently. The pastor at that place is Rev. Robinson of Fairview.

The Mt. Hood party returned last night. Nearly all ascended the mountain to the crater. All report a good time.

We are sorry to say blight is striking some of the late potatoes. We are glad to report a good crop of apples, while the East and Middle West have none to speak of.

No doubt you have wished that you could change the brass or copper finish on an old faucet, lock, lamp, etc., to a silver finish. You can now do so with "Silver Plate".

To The Ladies.

Before buying your fall and winter suits you are invited to call and examine my samples of suiting material at the Gresham Millinery store, and have your suit made to order at the price of a ready made suit.

Mr. W. S. Gunsalus, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for fourteen years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it.

They never fail who die in a great cause.

Those that want salvation must get it here and now. There will be no chance in a future age. The promise to Abraham was land. David said, "The meek shall inherit the land."

SANDY PASTOR URGES BIBLE STUDY

SANDY, Aug. 20—Rev. Ernest Smith, of Salem, preached an interesting sermon at the Methodist church Sunday evening. The subject of the discourse was the study of the Bible.

When the Bible is studied for the last mentioned purpose, it has its greatest influence on the world's people.

The Bible is the foundation of the political governments of Christian nations. Queen Victoria said that England's greatness was due to the following of its teachings in the administrations of its government of people, and that England would continue to be great only so long as its principles were followed in the administrations of its affairs.

When the Bible is studied for the last mentioned purpose, it has its greatest influence on the world's people. Within its pages is found a solution for all the questions which arise in modern times.

There are other ways of damaging this town besides throwing bricks through the store windows. "I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes M. E. Gebhardt, Oriole, Pa.
