HISTORY IN BRIEF

Continued from page 1

Frank McCrillis, director of sales for the company; Mr. McCrillis is well known in Portland being an active worker in the boosting organizations and clubs of the city.

The "Beaver" factory will unquestionably be followed by other factories, for the P. R. L. & P. Co. will institute a campaign for the location of desirable manufacturing industries on their Mt. Hood line. There are many concerns looking for sites. Prices in Portland are said to be exorbitant and labor conditions there are not as favorable as they would be here. Again, employees can live here more comfortably and much cheaper than in Portland.

There is still some stock to be taken by Gresham citizens to keep our pledges to the Beaver State Motor Co. It should be subscribed for at once and the money paid over promptly as agreed. Then let us turn our attention to new industries in full confidence that Mr. Combs and his board of directors are able to build and man the Beaver plant and that they will do it just as quickly as is possible.

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and the child is made happy and healthy, as nature intended. All druggists or by mail, 25c. Kickapoo Indian Medicine Company, Philadelphia, Pa. St. Louis, Mo.
