"The Linotype Way is the Way that Wins."

Official paper of the Town of Gresham, Oregon.
Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the postoffice at Gresham, Oregon, under the act of March 3, 1879.

HIGH SCHOOL EDITION.

The Outlook has in preparation a special high school edition, devoted principally to the schools of Gresham, Troutdale, Fairview, Orient, Powell Valley, Rockwood and other places in Eastern Multnomah where the high school grades are taught. Other schools will not be neglected, but in order for all or any of them to be represented we should have the assistance of all teachers and school district officers.

This special number will appear on Tuesday, September 9, and those who are willing to contribute to it are requested to send us their copy by the end of next week. Articles on school progress, future plans and other items of interest are what we want and it is the privilege of every teacher in this territory to contribute them. Help us to make the special number what it should be—thoroughly representative of the public schools of Eastern Multnomah.

OMISSIONS CORRECTED.

In making up our list of automobiles last issue we unintentionally omitted several names. When it is remembered that the tabulation and all the other work connected with the last issue of the Outlook was done in practically three days it shouldn't be wondered at that there were a few omissions or mistakes.

Among those omitted was Lewis Shattuck's Michigan, license 1229. Dr. A. Thompson also has two machines that were not mentioned.

Three others recently disposed of by A. E. Lindsey, O. A. Eastman and W. R. Biddle were lost track of, also a truck owned by T. R. Howitt. The Gabrowsky auto truck, operated by H. E. Davis of the Mountain View farm, was also overlooked.

This list of omissions is of importance only in showing the total number in use here. It is very difficult to make up an exact record especially at this time of the year.

DOING THEIR WORK.

The Outlook's automobile edition was favorably received by the general public and by several business firms which are interested in promoting the automobile industry and the future of Gresham.

There was a demand for all the extra copies printed and the edition was closed out early, being taken in bunches for distribution in other places not reached by the Outlook in its subscription lists. The good they will do will be reflected in future inquiries concerning Gresham and the possibilities offered here for investment enterprises. The papers are doing their work.

Secretary Kardell will be at home next Wednesday and will be ready for that date to receive entries for everything to be shown at the fair. There will be congested conditions in nearly every department, especially in the live-stock divisions, and the earliest reservations will be the most satisfactory to exhibitors as well as making the work easier for all concerned. To those who wish to make application soon the opportunity is open with D. M. Roberts until Mr. Kardell's return.

The news to the school children of Gresham and Orient that school will not begin until Monday following the fair was quite welcome. They will have a week of enjoyment instead of a week of longing to get away, and will be ready for school days with a greater zest for having had a full week at the fair.

Last issue it was stated that Ford runabouts would probably sell for \$450. It was learned later that the price has been set at \$509 with freight charges added. This will be the cheapest auto on the market next year.

COMMISSIONER RULES REGARDING SAWMILLS

O. P. Huff, Labor commissioner, has made the following rulings in regard to sawmills, and has instructed his deputies to enforce them:

All guards on slasher saws must be continuous so as to cover the entire series of saws; the guard to be made solid and to extend beyond the edge of the saw at least twenty-four inches, and the height from the platform to be not over an inch above the arbor line.

All horizontal tubular boilers must have fusible plugs, placed in rear tube sheet at least 2 1-2 inches above top row of flues.

All fire box boilers must have fusible plugs, to be placed at the highest point of crown sheet.

All safety valves must be examined frequently and kept in good working condition.

All boilers must be provided with three water gauge cocks.

All boilers must have blow off connection at the bottom of the back end or lowest point or boiler.

All water glasses on boilers must be properly guarded.

Spike live rolls used for conveying lumber in the mills or yards must be discontinued.

Berry Juice "Keeps."

Among other remarkable qualities loganberry juice has the property of retaining its freshness for several weeks without any sterilization whatever, according to recent investigations conducted by Professor C. I. Lewis, horticulturist of the Oregon Agricultural College. About the first of July Professor Lewis took considerable quantities of loganberry juice, without heat, sweetened it to taste and poured it into bottles which he set away in the basement rooms of the horticultural building. The bottles were not sealed, nor was the temperature of the room cooled below normal. At the end of six weeks an examination of the juice showed that its appearance was unchanged and that fermentation was just beginning to set in. Upon tasting, the juice was found to be sweet, with no more than just a "sparkling" taste to enrich its flavor. Professor Lewis considers its self-sterilizing power very unusual and destined to make it a popular beverage wherever loganberries are grown.

NEAR CLOSE OF JUVENILE EXHIBITS

TO THE BOYS AND GIRLS—The earlier school fairs are already held and at the end of another month most of them will be a matter of history. Every one connected with the work is anxious that that history read satisfactorily. This is about the last opportunity we shall have to call your attention to your exhibits for most of your work has already been done.

Just a few words about exhibiting. As we have often said, the intrinsic value of the prize you are competing for is of little importance compared with the habits of industry you are forming, and the experience you are gaining in learning how to do some practical thing well. If you borrow something to show, or take something to the fair you have not raised or made, you will fail to get the value out of it that you should. Now, do not understand me to say that you should not take anything to the fair that is not entirely the product of your own effort. Some of the fairs, especially those that were arranged for late in the season, do not require you to do all the work. Where this is the case I would urge you to take everything you can, under the rules, that will make a good showing. Take pride in assisting to make your fair a success. But where the rules require that you do all the work yourself, as they do at the state fair, do not try to evade them. We might deceive everyone but ourselves, but a clean conscience is worth everything. If we never do that little dishonest trick, we will avoid a lot of trouble in this life. This is on the same principle as never taking the first drink to avoid being a drunkard. It is a safe rule.

Do not overlook the county and district prizes at the state fair. It is a fine thing to cultivate local pride and patriotism. Team work aids in developing this spirit, so join with your fellows and do your part to help your district and your county to have the banner exhibits. Cooperation is becoming more essential every day and you can not begin too early in life to practice it.

Wishing you all success, and hoping to meet a great many of you at the Fair, I remain,

Yours for better boys and girls,

N. C. MARIS,

Field Worker Industrial Fairs.

Sandy

SANDY, Aug. 25—Sandy had a made dog scare on Sunday morning when a strange dog attacked several dogs along the main street. After biting several dogs and attacking others, the dog was shot by Mr. Hoffman. The head of the dog was sent to Oregon City for examination and word has been received that the dog was affected by rabies. Fortunately no person was bitten.

Warren Theodore, the four-year old son of F. E. Lohman, of Sandy Ridge, died Sunday morning of pneumonia. Interment was made at the Sandy Ridge cemetery on Tuesday afternoon, Rev. F. R. Dobberfuhr officiated.

Huckleberries are beginning to ripen here and there, but nowhere do they grow so abundantly as on Wild Cat and Huckleberry mountain, consequently the Indians are kept busy gathering them for the market.

It is rumored that a sturdy Sandyite killed a fine fat buck the other day, hence everyone had a slice of venison.

Autoists are jubilant over the ship shape condition of the old Barlow road, which has been repaired as far as Clear creek and about 20 miles beyond Government Camp.

Walter Creighton and Mr. Dongler are busy building bridges beyond the summit house, which are to be finished in time for the Pendleton Round-up, as 200 machines are expected over this road at that time.

Dr. and Mrs. Barendrick and children have returned from an outing at the beach.

Mrs. Sladsky was so unfortunate as to meet with a serious mishap the other day, while out for a drive. The horse, frightened at an auto truck, became unruly and upset the buggy, throwing Mrs. Sladsky in such a manner as to break her arm.

The stockholders of the Mt. Hood creamery will hold a meeting at Shelley's hall Saturday, Aug. 30 at 2 o'clock.

Chas. Bailey, of Battleground, Wash., has taken up his abode in Sandy and is now with the Sandy Lumber company.

Little Clara Friel while visiting in Portland feasted on ice cream, after which she was stricken with ptomaine poison, but recovered rapidly.

The choir of the M. E. church is preparing a cantata entitled, "The Story of the Pink Rose," which will be given some time in September. A double quartet will render the story in song and the pathetic scenes will be depicted by the minister, Rev. E. Smith, in his usual able manner. The public is cordially invited, no admission will be charged and those in charge are working for a full house as the best talent has been secured and a delightful evening is promised those who will attend.

Rev. Ernest Smith and family and mother of Mrs. Smith, departed the first of the week for their home in Salem after a ten days in Sandy. While here they were much entertained by members of the M. E. church. Mrs. Smith, who is endowed with a beautiful mezzo soprano voice was accorded a hearty reception after singing Briggs' lovely composition, "Oh, Father Hear Me," at the M. E. church Sunday evening. Her mother, who recently came from the East and expects to spend the winter in California, was much impressed with the magnificent views along the Bluff road and expressed a desire to return in the near future.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by Gresham Drug Co. and Dealers everywhere.

No doubt you have wished that you could change the brass or copper finish on an old faucet, lock, lamp, etc., to a silver finish. You can now do so with "Silver Plate". Easy to apply; fine for automobiles. Try it. At Sterling & Kidders.

The Best Light

AT THE LOWEST COST

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light.

ELECTRICITY can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore,

ELECTRIC LAMPS can be located in any place, thus affording any desired distribution of light.

NO OTHER LAMPS possess these qualifications, therefore, it is not surprising that

ELECTRIC LAMPS are rapidly replacing all others in modern establishments.
