### Obituary of J. C. Stanley

Joseph C. Stanley, whose death and burial were reported in the last issue of the Outlook, was born on a farm near the present site of Rose City Park, October 1, 1865. He was married May 2, 1886, to Miss Amanda Busse on the Stanley farm and in the same house where he died. From this union there were seven children, two dying in infancy; the others are William, Clarence, Myrtle, Harry and Verne, all of whom are at home with their mother.

One brother, William Stanley, is the only other near surviving relative. Others more distantly related are living in this vicinity and elsewhere, all of whom feel their loss in the death of one for whom they had always felt a deep regard.

His funeral was largely attended by many sorrowing friends from all over the county, among them being several who had known him all his life. The services at the Baptist church were conducted by Rev. Thomas Robinson pastor of the Fairview Methodist church in a happy inspiration of impressiveness. At the grave the ritual of the Odd Fellows closed the services and drew the curtain until the last day for all on earth.

#### Card of Thanks.

To those who so kindly assisted us in the late illness of our husband and father; and to those whose kind remembrances of the life of the late Joseph C. Stanley brought them to attend his last obsequies; and for the many beautiful floral emblems that adorned his last resting place, we wish to extend our heartfelt thanks and gratitude.

Mrs. Amanda Stanley, William Stanley, Clarence Stanley, Myrtle Stanley, Harry Stanley, Verne Stanley.

Gresham's Law. Newton in his garden was wont to roam. Down came an apple, and cracked him on the dome.

Now Newton didn't worry; nor didn't pause, But figured out the reason in accord with Nature's laws.

Eye, in the garden, to Adam gave a pome. Adam experienced what later came to Rome.

Newton, in his garden, found the law of gravity. Adam, in the garden, disobeyed, you see.

Our city's in the limelight, but not filled with awe, whilst we introduce to you Gresham's law.

While going down a city street, Jones says to Bill, "Lend me a hundred, there's a vacuum in the till."

"The basis of money now," says Uncle Bill, "is gold. But I'm not the one to hoard it up, and leave it to mold."

Later in our story, Jones repays the lender; but now our Uncle Samuel makes paper legal tender.

This has a market value of 80 on the dollar.

Poor Bill, who's only human, feels a warmth beneath the collar.

Jones, who has an eye for tacks, chuckles in his glee, "If I can save a twenty why that's prosperity."

NOTE: Gresham's law in economics is thus stated: "Bad money drives the good out of circulation." Jones demonstrates, this for Bill's edification.

#### Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by Gresham Drug Co., and all Dealers.
