"I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity who will vouch for what I say." Mr. and Mrs. J. Goff, of Portland, are the guests this week of the latter's parents, Mr. and Mrs. Geo. Lusted.

Considerable excitement has been aroused here by the antics of a strange white Spitz dog which is apparently sick and which has been seen occasionally between A. Sester's and Grandpa Lusted's places. It kept several people awake by its howling last night. It is thought to be in the first stages of rabies and an effort has been made to shoot it but it disappears in the woods when anyone approaches.

The Embroidery society met at the home of Mrs. G. Lusted last Tuesday. About fourteen were present. They will meet with Mrs. A. Ruegg in two weeks, October 7.

Columbia Heights

By now all of the schools in this part of the county have taken up the work for the fall term, and the little girls and boys are busy once more with their studies. How interesting it must be for a teacher to watch the little tots who have entered the schoolroom for the first time in their lives. The impression they get from the one that is going to give them their first instruction is of great importance for the pupils in the future. And what an important position the teacher holds, she has them all, rich and poor, good and bad. To meet with success, she or he, must have the co-operation of the parents. We can aid the teachers greatly in many ways, in fact, it is our duty. Be careful that the children do not come late to school, keep them clean, and neat, give them a good nourishing lunch, instruct them to obey their teacher, and do not take their part, if the teacher has corrected them for errors they have been guilty of committing. If this was more readily observed in the country schools, better results could be obtained, and no doubt we would find at the end of each term, that the year had been very satisfactory. The parents should visit the school once in a while during the term. The pupils will be glad to know that we are interested in their welfare, and they will be encouraged to study harder than ever.—Correspondent.

The Heights was honored last week by a visit of a very dignified person. It was no less than the prime minister of England, who with a party, are touring the world. His highness rested and dined at Chanticleer and was greatly impressed with the scenery here.

Miss Hazel Bram is the guest of her brother, F. Bram at Hariburt. She arrived Thursday from Puget Sound where she spent the summer.

Several of the Heights ranchers took in the Gresham fair. The displays of produce is a good advertisement for the vicinity of that worthy little town. We are pleased to hear that the little twins of Mr. and Mrs. Benfield from this place took the prize.

Mrs. Hicks was in the city last week on business.

Mrs. L. T. Rea, who has spent the summer here, camping, moved back to the city on Sunday to place the children in school again. Mrs. Rea is greatly pleased with the summer here and has gained in health.

Mrs. Lottie Benfield has gone to Washington for a visit with friends near Fisher's landing.

Mrs. C. Illidge has returned from the city, where she has placed her son and daughter in school.

Mr. and Mrs. King, of Portland, were here on Sunday, the guests of Mr. and Mrs. Illidge.
