Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedatives. For sale by Gresham Drug Co., and all Dealers.

The Best Light

AT THE LOWEST COST

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light.

ELECTRICITY can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore,

ELECTRIC LAMPS can be located in any place, thus affording any desired distribution of light.

NO OTHER LAMPS possess these qualifications, therefore, it is not surprising that

ELECTRIC LAMPS are rapidly replacing all others in modern establishments.
