

NOTICE TO TREE PLANTERS

NOW IS THE TIME to plant your Trees and Shrubbery, either for home or commercial orchard--for the winter rains will pack the ground solid around the roots--then when Spring comes your trees are ready to absorb all nourishment and make their growth. Planting in the Spring is not as satisfactory, since the soil does not pack thoroughly around the roots, hence the tops do not receive the proper nourishment and the growth of the tree is retarded.

You'll find at the GRESHAM NURSERIES a complete line of Apple, Pear, Peach Plum and Prune Trees, also a limited number of Dwarf Pears, Shade Trees and Roses--all high grade stock and far below the average price, for quick selling.

Place your order at an early date.

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedatives. For sale by Gresham Drug Co., and all Dealers.
