

NOTICE TO TREE PLANTERS

NOW IS THE TIME to plant your Trees and Shrubbery, either for home or commercial orchard—for the winter rains will pack the ground solid around the roots—then when Spring comes your trees are ready to absorb all nourishment and make their growth. Planting in the Spring is not as satisfactory, since the soil does not pack thoroughly around the roots, hence the tops do not receive the proper nourishment and the growth of the tree is retarded.

You'll find at the GRESHAM NURSERIES a complete line of Apple, Pear, Peach Plum and Prune Trees, also a limited number of Dwarf Pears, Shade Trees and Roses—all high grade stock and far below the average price, for quick selling.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedatives. For sale by Gresham Drug Co., and all Dealers.

The Best Light

AT THE LOWEST COST

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light.

ELECTRICITY can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore,

ELECTRIC LAMPS can be located in any place, thus affording any desired distribution of light.

NO OTHER LAMPS possess these qualifications, therefore, it is not surprising that

ELECTRIC LAMPS are rapidly replacing all others in modern establishments.
