"The 4-into-1 Way is the Way that Wins."

Official paper of the Town of Gresham, Oregon.

Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

By order of the department at Washington, postmasters or rural carriers will, when requested, lick and affix the stamps for second, third and parcel post matter presented for mailing during the Christmas season; and before the season is over, no doubt, they will feel like licking the senders. But the rule don't apply to first-class mail and the carriers, at least, can get revenge by leaving un-stamped letters in the boxes.

The national grange, which has been in session in Manchester, N. H., will close its session today. The Outlook is in receipt of copies of the Daily Union through the courtesy of State Master C. E. Spence of Oregon, containing full reports. National Master Oliver Wilson was re-elected. Mr. Spence will return home about the 10th of next month.

Somewhere a highbrow says that a man always tells the truth when he's drunk. That fellow evidently is not afraid of the drys in a prohibition town, but it ought to drive some of the wets to take the pledge.

Eggs are on the free list now, but it is evident the hens don't know it. Perhaps the shippers from other countries don't know it either, or else the hens there are like ours—don't lay.

It is said that the fire losses of the United States are greater so far this year than they were in 1912. There was more property to be burned, wasn't there? Some logic in that.

Senator Jones of Washington is a republican and not notably "Progressive," but he publicly commends President Wilson's policy as to Mexico.

Most of the big men, of various kinds, visit Portland these times; they all perceive that its importance is out of proportion to its population.

The news dispatches from Washington City on the morning of November 26, will say, "The wedding gifts were numerous and costly."

Science has done a great deal for the farmer, but science has yet to lower the temperature of the kitchen.

When is a hen not a hen? Before it is hatched. And eggs 65 cents a dozen!

We are a little late in saying it, but do your Christmas shopping early.

Time Extended. An extension of 30 days will be given on subscriptions to the Weekly Oregonian at bargain rates. The price for it and the Outlook in combination for one year is \$1.75. This offer will positively close on Jan. 1.

THANKSGIVING PROCLAMATION

President Wilson has issued his first Thanksgiving proclamation. It is in part as follows:

A PROCLAMATION.

The season is at hand in which it has been our long-respected custom as a people to turn in praise and thanksgiving to Almighty God for His manifold mercies and blessings to us as a nation. The year that has just passed has been marked in a peculiar degree by manifestation of His gracious and beneficent providence. We have not only had peace throughout our own borders and with the nations of the world, but that peace has been brightened by constantly multiplying evidence of genuine friendship, of mutual sympathy and understanding, and of the happy operation of many elevating influences, both of ideal and of practice. The nation has been prosperous not only, but has proved its capacity to take calm council amidst the rapid movement of affairs and deal with its own life in a spirit of candor, righteousness and comity. We have seen the practical completion of a great work at the Isthmus of Panama, which not only exemplifies the nation's abundant resources to accomplish what it will and the distinguished skill and capacity of its public servants, but also promises the beginning of a new age, of new contacts, new neighborhoods, new sympathies, new bonds and new achievements of co-operation and peace.

"Righteousness exalteth a nation," and "Peace on earth, good will toward men" furnish the only foundations upon which can be built the lasting achievement of the human spirit. The year has brought us the satisfaction of work well done and fresh visions of our duty which will make the work of the future better still.

Now therefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 27th day of November next, as a day of Thanksgiving and prayer, and invite the people throughout the land to cease from their wonted occupations and in their several homes and places of worship render thanks to Almighty God.

Many a person has realized, too late, that he didn't understand another.

Carranza wants arms, but it might be a good thing if he and all the rest of the Mexicans were deprived of deadly weapons altogether.

In a disappeared Chicago banker's vault only \$5.38 was found. Why he left the \$5 is an unexplained mystery.

Editorial is headed: "Triumph of the Prune." All right; but the prune is only one of many blue ribboners in Oregon.

William Bayard Hale is another of "them literary cusses," yet he might be a good diplomatist in dealing with semi-barbarians.

Some more-or-less statesmen are doubtless wondering if we really need the Monroe doctrine any more; if its assertion and maintenance pays

New Championship Hen Lays 303 Eggs in Year.

By the production of 303 eggs in one year Station hen C.521 at the Oregon Agricultural College has distanced the late champion No. C.543 by the liberal margin of 12 eggs. This is the first time that official records have shown that there is such a thing in the world as the 30-egg hen. Her record is 21 more eggs than the former world's record and 22 more than the United States record.

The new world's champion, like the former champion, was reared at the Experiment station and comes from a line of heavy producers. And like the former champion she is the result of crossing different breeds in an effort to develop a new breed of heavy producers that will breed true.

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold: "Don't sit in a draughty car." "Don't sleep in hot rooms." "Don't avoid fresh air." "Don't stuff yourself at meal time. Overeating reduces your resistance." To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by Gresham Drug Co., and all Dealers.
