The Famous Robespierre.

The program for Wednesday and Thursday at the Picture Show is one that should be of interest to both literary and dramatic loving people.

The photo play "Robespierre" in 3,000 feet of film will be shown two nights. Absolutely the greatest story ever written dealing with the French revolution. This is not only a historical and educational subject but it is strongly dramatized with no end to a true sensation. The fact that it is a real story makes it the more fascinating.

Croup and Cough Remedy.

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs and colds." So can you. 50c and \$1.00. A bottle should be in every home. At all druggists. H. E. Buckner & Co., Philadelphia, St. Louis.

Early to bed, early to rise, tell your wants and advertise—in the "want ad." column, of course.

How to Bankrupt the Doctors.

A prominent New York physician says, "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take. For sale by Gresham Drug Co. and all Dealers.
