Official paper of the Town of Gresham, Oregon. Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

NO EXCUSE FOR DELAY.

A growing need of Eastern Multnomah is expressed in the latter by H. W. Addis in this issue. Nor is it necessary to wait until this section becomes the fruit center of Oregon to begin. A fruit canning establishment could find plenty of waste fruit ready at hand next summer to keep it in operation for the entire season and there is no excuse to be made that one is not in operation by next spring, except the possible lack of money and the requisite, nerve or enterprise to begin.

Since the pure food laws have been so rigorously enforced there is a growing scarcity of certain kinds of prepared fruits, and especially jellies. Of the latter there is a constant demand at good prices, and private enterprise has made remarkable progress in several instances in supplying the deficiency. One of the easiest things to make is jelly and there are forty different kinds of fruit to make it of. Put up in an attractive way it sells itself and there is a good profit in making it.

A Gresham woman made a good start last summer, and it is said she will enlarge the scope of her work. She should have the assistance of the clubs and all others, and if she is unable to conduct the business on the proper commercial basis there should be available capital for her to continue. The fruit is here, the market is ready for all the jelly that can be made, besides there are a dozen other fruit commodities that could be put up for sale to keep her establishment busy.

As the women of Gresham seem to be the best boosters perhaps some of them will take the matter up and give to Gresham one of its greatest developed industries.

Ex-chief Slover announced a few months ago that he would quit being a policeman and become an evangelist. As he is now out of a job he can begin right away, but it is doubtful if he can convince anyone that he is good enough for the work in view of recent developments that have ousted him from his place as captain on the Portland police force.

Ella Flagg Young refused to be elected superintendent of the Chicago schools because she failed to get the unanimous vote, and has been succeeded by a man. Not much politics there, but women are not all politicians.

Great Combination Offer

THE OUTLOOK has made arrangements with the Portland Evening Telegram whereby we can give subscribers the advantage of a gigantic combination offer for a limited period. You can get a Metropolitan evening paper with all the latest news from all over the world and all the news of Eastern Multnomah County at a remarkably low price.

The Evening Telegram is the best paper in the state, market reports unexcelled, Saturday edition contains a magazine and comic section in colors.

Bryan says a man may earn a million honestly. Many never have the chance.

Portland discarded all of the 15 proposed amendments to the charter last Tuesday. Happy Portland.

Equal suffrage got a set-back last Tuesday in Portland. Only a few voted and their action has been noted around the world.

Judge Campbell, of Oregon City, has ruled contrary to Judge Gallo-way, of Salem, and declares the November local option election to have to have been legal. There is a difference of opinion by judges as well as others. The supreme court will have to settle the matter.

Portland's live stock show at the Union stock yards this week has been a record breaker in everything. The number of animals, the prize winners and the attendance were up to expectation. \$15,000 were given in premiums and most of the stock was sold at fancy prices.

Next Tuesday's Outlook will be the annual holiday number of 12 pages. Our correspondents and intending advertisers are requested to save us delay by having their copy in early; also to insure publication. Orders for extra copies should also be sent in before the edition is exhausted.

The O-W. R. & N. corn show in Portland this week is attracting attention, and proves that Oregon can beat some of the states in the middle west in raising the great edible. This is surprising to many old-timers here who have thought all along that corn could not be a success in Oregon.

A man named Cartwright, at Harrisburg, Oregon, has been indicted and will be tried on the charge of posting placards urging that the city remain "wet" on the day before election. This would not be considered a misdemeanor except for the fact that the posters did not bear the name of the author which is a violation of the corrupt practices act.

The marriage rate has been called the barometer of the prosperity of a nation.

Statement of the Ownership, Management, Etc., required by the Act of August 24, 1912.

This is to certify that I, H. L. St. Clair, am the sole owner, editor, managing editor, business manager and publisher of the Gresham Outlook, published twice-a-week at Gresham, Oregon, and that there are no known bondholders, mortgages or other security holders.

Statement for October 1, 1913. Sworn to and subscribed before B. F. Rollins, a notary public for Oregon, whose commission expires August 7, 1915.

How to Bankrupt the Doctors.

A prominent New York physician says, "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take. For sale by Gresham Drug Co. and all Dealers.

HARD SURFACE FOR PART OF BASE LINE.

Requesting the county commissioners to hard surface that portion of the Base Line road from the north end of the Upper Sandy river bridge, across the Sandy river to Chanticleer a petition was filed yesterday with the commissioners by owners of 265 acres of property abutting on the proposed road. The petitioners request that the improvements be done under the new law, which provides that the county pay half of the cost, the other half being borne by the property owners. The matter was referred to the advisory committee on roads and highways.

MAYOR ALBEE USES THE OFFICIAL AXE.

Mayor Albee began weeding out the undesirables on the Portland police force yesterday. Twelve, including Ex-chief Slover, were dismissed as the result of an investigation which revealed extensive gambling among the officers and patrolmen, besides other questionable acts. The dozen included, besides Slover, another captain, three sergeants and seven patrolmen. Among the latter is Gus Schirmer, who is quite well known in Gresham as a former employee of Howitt's market. Captain Slover is somewhat known here as he has relatives in this vicinity. It is said that Mayor Albee is not done yet and that more dismissals are to follow.

LITTLE WANT AD. DID ITS WORK.

The faithful want ad. did its work to perfection for J. W. Oster, a Troutdale rancher. He owns a valuable ranch near there and for him to want a wife was to get one and as a result of the wish and some correspondence and advertising, Mrs. Margaret Stone arrived in Portland from her home in Colorado.

On Monday he went to Portland and made complaint that his wife, whom he had married October 21, had deserted him three weeks later. He made inquiries as to the proper steps to take to secure a divorce and was disheartened when told that he must wait one year. "A year is a long time to be without some one to care for the place," he replied.

ALIEN MARRIAGES DON'T DISFRANCHISE

A correspondent of the Oregonian propounds the question, "Can marriage disfranchise." The matter came up several times during the late lamented registration, before the November election, one or two such cases having been noticed in Gresham. The following is the correspondent's inquiry and the reply:

SCIO, Or., Dec. 10.—(To the Editor.)—If an alien marries an American woman, does that disfranchise her? I am nearly 85 years old and never heard the question raised until our last city election. NATHAN YOUNG.

In the opinion of The Oregonian, marriage with an alien does not disfranchise an American woman.

B. F. Bauer, who formerly had a barber shop in the John Metzger building, is now located in the Carlson building, across the street from his old stand. A strictly quiet and moral place to visit. Laundry agency \$2

Rain and Fog.

The weather this fall has dumfounded the oldest settler and the man who is always ready to submit a similar instance of weather away back in years gone by is completely stumped for an illustration. We have had practically no cold weather up to this time. There is no snow anywhere while rain and thunder showers are the common thing. The fall plowing is still under way although it is less than three weeks to Christmas. Can Washington or Oregon beat this?"

The above was clipped from Long Prairie (Minn.) newspaper and mailed in a letter to the Outlook. Can we beat it?

Before the letter reached us the newspapers reported a drop in temperature in that region of 20 to 30 degrees. The way Oregon can beat it is by having mild weather all the winter. Farmers are plowing, roses are in bloom, pastures are good.

California Woman Seriously Alarmed.

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. For sale by Gresham Drug Co. and all Dealers.
