#### Pleasant Home

Mr. Collins, of Messrs. Collins & Miller, woodmen who have been living here for some time, left for Portland yesterday. He is expecting to leave for his brother's place near Centralia, Washington.

Quite a surprise was given to the pastor and a large congregation of the Orient church Sunday night when the string band orchestra which is composed of different instruments, appeared on the scene prepared to render excellent music under the direction of Mr. Watson. The other members are, Miss Amy Elliott, Ray Elliott, F and A. Lind. Two violin solos were rendered by Mr. Watson, Miss Elliott accompanying on the organ. "The Holy City" was rendered before the sermon, when the pastor preached a most powerful sermon on the theme, "A Sad Harvest."

Wm. McKinney's boy Charlie, who was recently operated upon, is recovering splendidly from the general effects.

**Spring Colonist Rates.**  
Railroads in the Northwest are beginning to advertise the spring colonist rates which will be in effect for 32 days beginning with March 15. Although the reduced rates will be advertised to a considerable extent, the roads state they will make no special effort to induce organized parties of homeseekers to come west.

They state that heretofore the low rates have been taken advantage of by wage-earners, principally, and that but few bona fide homeseekers are generally included in the large parties that come out each spring and fall. Genuine would-be settlers will come at any time of the year without waiting for special rates.

**How Is Your Boiler?**  
It has been stated that a man's stomach is his boiler, his body is his engine and his mouth the fire box. If you have any trouble with your stomach Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by Gresham Drug Co., and all Dealers.

## How About Your Future?

**A** NEW YEAR lies before you—another twelve months of fresh opportunities. No matter what the old year brought for you, this year comes with fresh assurance of success—with new chances to "make good." But what you accomplish—how you use these opportunities—is entirely a matter for YOU yourself to determine.

If you like your present work—you are probably in the right line. Stick to it—and train yourself for a job higher up. If you don't like your work—if it offers you no chance for advancement—it's a safe guess that you are in the wrong line. And you had better look about you—and find out what work you do like—where your natural ability lies—and then train yourself along that line.

No matter how little progress you've made this year—whether you are in the right or the wrong line of work—if you will make up your mind to do it—with the help the International Correspondence Schools can give you—you can wring success from the next twelve months.

For 22 years I. C. S. have been assisting men to get into lines of work for which they were best fitted—have been helping them to train and develop their natural ability—to qualify for better positions and bigger salaries. They can do the same for YOU, no matter where you live, what you do, how limited your education, or how little spare time you may have. Just mark on the coupon the position you would most like, and mail the coupon to the I. C. S. Without obligating you in the least they will show you how they can train you for this job in your own home during your spare time.
