How Is Your Boiler?

It has been stated that a man's stomach is his boiler, his body is his engine and his mouth the fire box. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not be able to supply the needed energy to your engine (body)? If you have any trouble with your stomach Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by Gresham Drug Co., and all Dealers.

Olives Are as Old As the World

More could probably be written about the Olive than any other known article of food.

Ancient literature is full of the praises of the qualities of the olive.

But the Ancients would scarcely recognize the highly cultivated fruit of today--it being much superior in every way.

Trees that are still bearing fruit are reputed to be 2500 years old--and many are known to be over 700 years of age.

So many medicinal qualities are contained in the olive and olive oil, that it is now looked upon as a world-wide necessity.

The selecting of Superior Olives to pack for MONOPOLE brand is in charge of an expert and only the very choicest of fruit is offered in Monopole.

We have all the well known varieties of this famous fruit
