The Forty Year Test.
An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by Gresham Drug Co., and all Dealers.

Chronic Stomach Trouble Cured.

There is nothing more discouraging than a chronic disorder of the stomach. Is it not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by Gresham Drug Co., and all Dealers.

KILLING EARLIEST FLIES DESTROYS MILLIONS

"Any community in Oregon may become flyless if it will consistently follow directions," says Dr. Clifton F. Hodge, professor of social biology at the State University, who stands ready to send instructions to any organization that is willing to undertake an anti-fly campaign in any neighborhood.

Eugene, Medford, Creswell, Portland and Pendleton are Oregon cities that have promised spring fly campaigns. Astoria, Albany, Salem and several other cities have campaigns under consideration. That success is possible is demonstrated by the highly successful campaigns in Cleveland, Worcester, Washington, Baltimore, and other big cities in the United States, where entire neighborhoods have been enabled to live the summer months in peace.

As winter breaks up, there are comparatively few flies. Dr. Hodge gives directions for simple traps, which can be made at home, for the capture of these early pairs. Such traps are baited, and one of them will frequently catch all the flies around a house or barn when placed upon a garbage pail or in a stable window.

Investigators have recently discovered that a fly seldom travels farther than 1500 feet during its lifetime. This makes it possible for a limited area to be free from flies where neighboring areas may both be swarming with flies and miserably afflicted with infantile paralysis, children's stomach troubles, fevers and other diseases that flies carry.

A Dollar An Hour Instead of A Dollar A Day

Do you realize what this means to you and those depending on you?

Don't be satisfied with a small salary all your life—do as thousands have done; let the International Correspondence Schools show you how your pay can be increased. It matters not where you are, in the factory or in the shop, in the mine or in the mill, in the office or store, the I. C. S. can and will increase your earning capacity.

The I. C. S. imparts to you just the knowledge needed to advance you in your present position or to an occupation more to your liking.

A dollar an hour is not out of your reach, if you will only let us help you. It will cost you nothing to ask us—HOW? Simply send us the coupon below and it will bring to your aid all the resources of that great institution, the I. C. S., an establishment backed by a capital of six million dollars and founded and maintained for the benefit of poorly paid men and women. If you want your pay increased, say so—at once.
