Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by Gresham Drug Co., and all Dealers.
