Directions for Sewing in Girls' School Club.
"Young girls the world over love to sew and make beautiful things," says Mrs. Lullie Robins, who will direct the Extension work of the girls' sewing club. If they follow her simple and attractive instructions perhaps they shall never get over it. Here are some of the directions:
"Do not try to do too much at one time and keep the work even. Can you tell what will happen to your stitches if your fingers become tired?"
"Do all the work for yourself, but if you do not know what to do ask an old person."
"Protect your work by wearing an apron."
"Have a box or bag in which to keep your scissors, thimble, needles, thread, tapeline and pins."
"Keep an account of all you do and the kind of material you use, in a notebook. If you find that any material is hard to sew make a note of it. A few questions will be asked in bulletins, but they will not be difficult to answer."
