Mr. H. C. Sampson, secretary of the N. P. F. D. who is directing this movement, said: "Briefly stated, the distributor in this case will be the farmer himself in the selling game. It is purely co-operative. The organization will sell on a commission of 10 cents per box, which is sufficient to pay the expenses of salaried agents in all parts of the world and of 67 special representatives. Through these agents we distribute the fruit to all parts of the world, keeping markets fully supplied but never overloaded."
