that Wins." Official paper of the Town of Gresham, Oregon.
Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

#### MAIL ORDER BUSINESS.

With this issue the Outlook begins a series of articles dealing with the matter of patronizing mail order They are short, interesting and to the point. Their perusal will prove profitable and they should educate the public into a conviction that they can buy at home just as well as abroad and that they should patronize the home merchant whenever possible. There will be five installments of the story. They should be read by everyone.

#### THE PIONEERS.

The pioneer reunion was in evidence in Portland last week; also the reunion of the Indian war veterans. The two are almost synonamous but the organizations are separate. It is to be regretted that many who came here as long ago as 55 years are barred from membership in the pioneers but the rules forbid anyone joining who failed to get into Oregon before it became a state in 1859.

While many of the earliest pioneers have not joined the association, and while the ranks are thinning every year it seems to be the policy of its managers to let it die. It might be perpetuated a longer time by letting in those who came prior to the driving of the last spike on the first overland railroad in 1869. Those who came here before that date are pioneers in every sense and the only difference they found upon their arrival was a few more people. All the privations of the plains were overcome in later years that were me with by those who came earlier. It is unjust to the younger pioneers to keep them out of the association.

## Report Shows Financial Condition of Puyallup Association

Once each year, at the close of business on December 31, the officers of the Puyallup and Sumner Fruit Growers' association make their annual report. From the following statement, which is given in detail, it will be seen that the business for last year reached nearly a million dollars. It is expected to pass tha figure this year, the growth during the past twelve years since the business was first organized justifying that belief. The repot follows:

Capital Stock ... Surplus After charging to plant account 10 per cent to cover depreciation for the year 1912, amounting to \$4,699.96, the year's business for 1913 shows a net earning of \$26,298.94.

The association is carrying the following insurance: Fire Insurance (in best companies)...... Accident Insurance, covering boiler accidents. \$247,460.00

Also all employes working where machinery is used are covered by State Industrial Insurance

The Puyallup & Sumner Fruit Growers' Association was incorporated under the laws of the State of Washington March 22, 1902, with a capital stock of \$2,000.00; is conducted entirely along co-operative lines with a membership of more than fourteen hundred growers, and has canneries at both Puyallup and Sumner, in the Puyallup valley, be-tween Seattle and Tacoma, on the main lines of the Northern Pacific, Great Northern, Chicago, Milwaukee & St. Paul, and the Oregon-Wash-
