#### Is It Fun to Read?

Not always. But is it fun to play the piano or to dance or to roller skate if you are not used to it? Get the habit now, even if it is hard to begin. You can't always get a piano even if you like to play; you can't dance or skate when you are sick or tired or grown old, but you can always read—and you'll never know what fun it is until you get the habit.
