FAIR ITEMS GATHERED BY OUTLOOK REPORTERS

W. F. Cary, of Cary Mercantile Co., Estacada, was a visitor at the Fair Thursday.

R. M. Townsend, property agent of the P. R. L. & P. Co., attended the Fair on Wednesday.

The babies of Gresham and vicinity got a scrubbing this morning such as they never received before.

Gresham never saw such corn before as may be seen at the Fair. Kansas people say "It looks like Kansas."

Mr. Minto was busy all day yesterday in the Poultry department judging fowls and pinning up blue and red ribbons.

There has been added to the amusements a show that will give Hawaiian dances and singing. Also a striker and a doll rack.

Theodore Brugger appeared on the Grounds as good natured as ever in spite of the rain. He says "It's going to clear up."

A. C. Ruby has very elaborate decorations of purple and gold on his stalls which occupy one-half of one of the horse barns.

Sterling & Kidder have a booth in the main pavilion presided over by an expert demonstrator of Chi Namel Mrs. S. Strang of Portland.

On entering the main pavilion one is struck at once with the magnificence of the immense booths occupied by the various county granges.

The faculty and about eighty students of the Estacada high school have chartered a car for Friday and will attend the Fair in a body. Others also will accompany them.

The constitution and by-laws of the Gresham Fruit Growers' association have been placed for free distribution at the Information booth and the Gresham grange booth at the Fair.

Evening Star Grange, which has an attractive exhibit at the Fair, has 278 members and is said to be the largest grange west of the Mississippi river.

Five beautiful Volnay weanlings are entered for the \$40 silver cup offered by the Sun Dial stock farm. They were photographed yesterday in a group.

One of the interesting attrac-

tions in the stock division is, Rev. Clarence True Wilson's Mule-foot hogs, which have never before been shown in Oregon.

Secretary Thorpe says the Fair is 20 per cent better in number of entries in all departments except the poultry and the poultry entries are double what they were last year.

While taking in the many attractions provided during Fair week on the Fair grounds and in the city, do not miss the picture show, where special features are being run each day and evening.

One poultryman has discovered a new and most modern way of sending money. Secretary Thorpe received the entrance fee on a coop of chickens by check mailed to under side of lid to the coop.

Entries for the Eugenic contest to be held at the Library Friday morning under the management of Dr. Mary V. Madigan will positively close at 9 o'clock sharp that morning. Entries may be made at the secretary's office.

In one end of the upper hall may be seen a very interesting display of fruits and vegetables made from one farm near Montavilla, that of Chester Mikelsen. Mr. Mikelsen has over 400 articles exhibited here, sixty varieties of potatoes and eighty varieties of grains and grasses.

The Fair management is to be congratulated on their success this year in securing a better class of amusement along the furrow. The animal show is certainly much more to be desired than a lot of fake affairs and cheap minstrels whose principal asset is a howling ticket seller behind a red stand.

As usual Gill Bros. have a very large display of dahlias of over 300 varieties. Another long table near the main entrance is loaded with dahlias, asters, sweet peas and a variety of potted plants while over in the annex the Portland Floral company has a magnificent display of all kinds of plants and flowers.

The Multnomah County Farm has an especially fine farm exhibit this year. The superintendent in charge of the farm has arranged the exhibit to show what is really being accomplished with the indigent folk in his care. Good exhibits of poultry and cattle from this farm may also be seen in the stock barns.

Visitors to the Fair are urged to patronize the various attractions on the Furrow. The fair directors have made a special effort to secure wholesome and instructive features of an amusement sort and their efforts should be encouraged. The success this year will have its effect also on securing the right attractions another year.

One very important and instructive feature of the fair is the O. A. C. booth where the unmistakable signs of disease in fruit trees and potatoes during the various stages of development are accurately illustrated. Poultry raising is receiving due attention at this booth and some very novel and convenient brooder houses in miniature are to be seen. A talk with the attendants will be very helpful.

Dr. D. E. Biggs has ordered plans for a two story concrete building 73x100 feet at Bandon.

Acute Indigestion.

"I was annoyed for over a year by attacks of acute indigestion, followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for this complaint but nothing did me much good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our druggist. I soon realized that I had gotten the right thing for they helped me at once. Since taking two bottles of them I can eat heartily without any bad effects." Sold by all Dealers.

Pleasant Valley has reason to be proud of their grange since they carried off second prize at the fair this year. The grange did not determine to enter the contest until two weeks before the fair opened. Their success is evidence of what a little co-operative effort in a community will accomplish.

The Washington News Bureau of the Oregonian states that railroads of the country are now turning deficits into net profits after the somewhat favorable suggestions of the Interstate Commerce commission but inasmuch as this is being done at the expense of service and equipment it is doubtful whether other methods will not be more welcome. Probably one of the results will eventually be the cessation of hostile legislation.
