GRESHAM, MULTNOMAH, COUNTY, OREGON TUESDAY, SEPTEMBER 22, 1914

\$1.50 PER YEAR

MANY VISITORS ATTENDED FAIR ON CLOSING DAY

According to the almost unanimous decision of the board of directors made late Friday afternoon the fair was open Sunday and a charge of 25 cents was made at the gates. The day proved to be the only one of the week without rain, the sun shone much of the time and nearly 1000 persons took advantage of the opportunity to view the exhibit. The gate receipts amounted to \$198. Persons with season tickets were admitted as on other days of the fair. The great majority came by car or auto from Portland.

There was no racing and the "furrow" features were practically all closed, even the merry-go-round shipment to Elmo, Washington.

The exhibits were intact most of the day. The music by Beyers' band and the Pacific Ladies' band was of the finest character and was appreciated by the many who spent the day on the grounds.

Fair Notes.

Corn thirteen feet high, ears almost out of reach, sunflowers nearly two feet across and ten to twelve feet high, pumpkins weighing over 150 pounds, over 150 varieties of rose blooms from one field, 100 kinds of vegetables and 62 varieties of potatoes from one farm, 118 varieties of dahlias from one farm, some of the finest cattle, horses, sheep and hogs in the world, and a baby scoring 99 in the eugenics contest—these were just some of the specialties to be seen at the fair.

One visitor was so impressed with the displays that he wanted to buy up the fruit and vegetables, the canned fruit, honey and flowers, put them in cold storage, retire to his castle and with every want thus supplied live happy forever more.

Three ears of corn, grown by Wm. Ankie of Corbett, and which were a display at the Columbia grange both, are now on display at the Outlook office. One ear measures 12 inches and the others each thirteen inches.

President Lewis, Secretary Thorpe, Vice-president Eastman, Superintendents Miller, Lake, Mullenhoff, Lane and others, had a strenuous week. They spared no time or pains to make the fair a success.

An effort was made every day except Tuesday to have the races but the several were run the ground was too soft to make them safe or interesting.

H. A. Lewis is authority for the statement that the fruit on display this year at the fair was the cleanest and freest from disease of any year in the fair.

The P. R. L. & P. company had an inspector at the entrance to the grounds who assisted many visitors giving information relative to deals and trains.

Sheriff Word was on the grounds during several days of the fair and kept the local police force get rid more than one undesirable character.

It is estimated that the value of articles exhibited, including the stock and the babies, would run into the millions.

Chief Marshal Jones was on the almost night and day, with several good assistants, and the order excellent.

Fire drill was held on the grounds Friday and water thrown over the pavilion.

Fortunately there were no signs, and "off the grass."

There was one feature noticeably missing—the freaks.

CONFERENCE IN PORTLAND; 'FREAK' LAWS

PORTLAND, Sept. 21—(Special)—Dr. M. L. Holbrook spoke yesterday at the luncheon of the East Side Business Men's club in opposition to the dentistry bill which will be voted on November 3, which he declared is a menace to the welfare of the entire state. Dr. Holbrook said that the laws regulating the practice of dentistry are framed for the protection of the public and not for social privileges.

"You are asked to do away with this protection," said Dr. Holbrook, "and lower the qualifications of persons seeking to practice dentistry in Oregon. There is a 'joker' in the dentistry bill for it only requires a person to have studied two years in schools having a yearly study not less than six months. There is no reputable dental college with a course of only two years of six months each. This bill would make Oregon a reproach among all the states of the union. It would set back education and the welfare movement begun by the dentists of this state. It will destroy the efforts of 25 years to bring the dentistry laws of Oregon to their present standard."

Dr. Claude Adams called attention to the possible effect that the dentistry bill would have in that it would require the Oregon Dental college to lower its standard to compete with schools of the standard described in the dentistry bill. Dr. Adams said the public health depends upon the condition of the teeth and said that the dentists of the state in connection of the mother's club were working for the public welfare among the public schools and elsewhere, all of which work, he said, would be impaired if not destroyed by the adoption of this measure.

Every farmer who can should hear H. E. Davis speak on the proposed 8-hour measure that will be voted on at the November election, at the meeting of Pomona grange at Pleasant Valley grange hall Wednesday. While I do not know what Mr. Davis' views are, I feel confident that he will condemn the measure. There are many vicious measures to be voted November 3, and this is one of them. It is the opinion of all who have studied the matter that its passage would be a serious blow to the entire state, and especially to the farmers of Oregon. No farmer can do business on an 8-hour schedule. Any farmer can tell why this cannot be done. I am sure Mr. Davis, who is a farmer and dairyman, can give the reasons at Pomona grange meeting. I have studied most the pending measures carefully, and expect at present to vote "No" right down the line. Many of these measures apply to taxation and are confusing and if adopted would be still more confusing. "Freak" measures bristle all through the list. Oregon cannot afford to pass these measures. Let every farmer study the book just issued by the state on these measures.

The sixty-second session of the Methodist Oregon conference will open Wednesday morning in Centenary Methodist church, East Ninth and East Pine streets. Tonight there will be an opening reception to conference, ministers and Methodists in general at this church. Mayor Aibee will deliver the address of welcome and Bishop R. J. Cooke will preside. These addresses will be followed by a social hour during which the ministers will be afforded opportunity to get acquainted and greet each other. Conference opens Wednesday morning at 9 a. m. with roll call. At 2 p. m. the Women's Home Missionary anniversary will be held. Lectures by Rev. Wallace MacMullen, professor of homiletics in Drew Seminary, will begin his lectures Wednesday afternoon. Wednesday at 7:30 p. m. the Freedmen's Aid and Temperance anniversaries will be held.

Captain Thomas Johnson, veteran of the civil and Mexican wars, nearly 100 years of age, and the only man known to have driven a wagon supposed to contain his own dead body, died at the County Farm Friday, and the funeral services was conducted Tuesday afternoon from S. F. Dunning's chapel, 414 East Alder. Services were under the auspices of the Grand Army of the Re-

Public Health Department. The local committee in charge of the contest was composed of Mrs. A. Hughes, Mr. and Mrs. Chas. Cleveland, Mrs. Guy Fieldhouse, Miss Pearl Jones and Mrs. H. E. Davis. Other babies entered were Frederick, son of Mr. and Mrs. T. R. Howitt, Margery Jane and Daniel Fenton, children of Mr. and Mrs. Dan Talbot, Helen Winona, daughter of Mr. and Mrs. Joe Exley, Richard H. and Laura Louise, children of Mr. and Mrs. F. E. Todd, Roberta Beth, daughter of Mr. and Mrs. L. L. Kidder, Richard, son of Mr. and Mrs. Frank Metzger, John Martin, son of Mr. and Mrs. J. A. Lauderback, Lawrence Wray, son of Mr. and Mrs. E. W. Aylesworth, Carmile Neal and Mary Marjory, children of Mr. and Mrs. D'Amico, of Portland, Eldelio, son of Mr. and Mrs. J. T. Kremer, of Portland and Gertrude, daughter of Mr. and Mrs. Geo. Lee, of Rockwood.

The committee felt that every child entered should have received some recognition and only regretted that the diplomas were limited to eight.
