Victory

The road to our schoolhouse is finished and it is a credit to the district as well as the directors. The directors are figuring on building a fence around the school grounds, but if the neighbors would observe the law and keep their stock up it would save that unnecessary expense.

"Dry" Helps Business.

Business men of Gresham say that the volume of their business has been greater during the nine months just past, than it was during the corresponding nine months of last year. There must be a reason. Is it because there is more drinking in Gresham since it voted the saloon out?

Virginia Dry.

The state of Virginia has just gone dry by over 35,000 majority, this is the tenth state to adopt state-wide prohibition.

Last year West Virginia went dry with 63,000 majority.

Another month will probably see the whole of our Pacific coast dry. The Oregon "drys" have never been so well organized before. The Anti-Saloon League, and the W. C. T. U. have workers in every precinct in the state. Your vote counts only when it is in the ballot box. Have you registered?

Columbia River Work to be Continued.

The River and Harbor Bill having finally been passed by congress, the money necessary for the continuation of dredging and the construction of jetties at the mouth of the Columbia will be immediately available. For the work at the mouth of the Columbia \$1,000,000 has been awarded, for work on the Columbia below Portland, \$200,000 and for the completion of the Cello Canal \$525,000, which the engineers estimate will be the full amount required. Since the report from Washington was received about five hundred men have been put to work at Big Eddy and as soon as work can be found for them, additional men will be employed and the work rushed to completion at the earliest possible date.

Petitions have been placed on file to create new county of Sluslaw from part of Lane county.

The Eugene Register calls the proposed \$1500 exemption amendment "Sugar Coated Single Tax."

Troutdale

TROUTDALE, Oct. 12.—A meeting of the Parent-Teachers' association was held at the schoolhouse Friday afternoon and there was a good attendance. The following officers were elected to serve for the coming year: President, Mrs. Aaron Fox; vice president, Mrs. G. P. Lumsden; secretary and treasurer, Mrs. Clara Larsson. The financial report shows the association to be on a sound basis and its members are full of enthusiasm and look forward to another prosperous year.

Mrs. D. W. McKay, of Fairview, was a visitor at the Parent-Teachers' meeting Friday afternoon and spoke entertainingly on several topics of joint interest to Fairview and Troutdale clubs.

Raker, Mrs. Kummer, Mrs. Zimmerman, Mrs. Burdick, Mrs. Goin, Mrs. Wright, Mrs. Parsons, Mrs. N. Parsons, Mrs. G. P. Lumsden, Miss Olive Wilson. Tramps entered the home of J. King Friday during the absence of the family and built a fire and cooked a meal helping themselves to all the eatables they wanted. They also took a few articles of small value in the house and while they were trying to get some help to capture them they made their escape in the darkness. It is supposed they were tramps who infest the vicinity of the railway depot.

Mr. Watkins, who has been in poor health of late, is much better and his friends hope for his full and speedy recovery.

University Enters Big Field Outside Campus.

An inkling of the day when more of the labors of the State University may be out in the state than on the campus is given in the astonishing demand from Portland this year for Extension classes.

Last year a relatively modest band of Portlanders received instruction: once a week from members of the University faculty in certain ranches of English, in mathematics, and in German. The work was all advanced as the University does not set out to give elementary instruction in Extension classes, leaving that field for the local schools.

This fall more than 500 Portlanders have already applied for this Extension instruction, and although the resources of the University will be taxed severely the demand is to be met if at all possible. These 500 were only the first comers; before many weeks, the University may be confronted by the problem of handling as large a number of Extension students in Portland as is in residence now upon the campus at Eugene. The Portland applicants are largely professional persons whose aim is to increase their efficiency. They are not literary shoppers, hard work being required in these classes.

Similar Extension classes were conducted last year in Medford, and one or two other towns, and should the call in future years from the numerous smaller cities of the state be as great in proportion as that from Portland, an important addition to the teaching force will be necessary, together with a partial readjustment of the educational scheme. Faculty members meet the study groups personally.

Toned Up Whole System.

Chamberlain's Tablets have done more for me than I ever dared hope for," writes Mrs. Esther Mae Baker, Spencerport, N. Y. "I used several bottles of these tablets a few months ago. They not only cured me of bilious attacks, sick headaches and that tired out feeling, but toned up my whole system." For sale by all Dealers.

A Few Words About Prescriptions

Your doctor fights disease with medicine. If the medicine is not right, he cannot conquer disease. If the druggist does his duty the medicine will be right, and your doctor will stand a fair chance of winning the victory.

In no other branch of the Drug Business should the details receive more care and attention than in the Prescription department. Every detail there is important.

We realize this fact and make thoroughness a feature of our prescription case.

Every Prescription dispensed at this store has the personal attention of the proprietors.

We use only the PUREST and BEST DRUGS obtainable and our prices are guaranteed lower than any place in the city.
