

TWICE A WEEK

GRESHAM OUTLOOK

TUESDAYS AND FRIDAYS

VOL. 4. NO. 67

GRESHAM, MULTNOMAH, COUNTY, OREGON TUESDAY, OCTOBER 20, 1914

\$1.50 PER YEAR

TWO VICIOUS MEASURES TO SNOW UNDER

By L. H. WELLS.

PORTLAND, Oct. 18.—(Special)—Between the proposed 8-hour and dental measures, to be voted on November 3, it is hard to say which is the most vicious.

Then the dental measure comes along in the same class. There is some danger that this measure may deceive a lot of people into voting for it on the claim that it will lessen the cost of dental work.

The Parents-Teacher's association of the Buckman school passed a resolution at the meeting Thursday afternoon in opposition to the proposed dental measure, which will be voted on in November.

Captain Augustine C. McDonald, for thirty-three years a resident of Vancouver, Wash., died at the home of his sister, Mrs. Samuel White, 292 Weidler street, the first of the week, and the funeral services were conducted from the Church of the Holy Rosary, East Third and Clackamas streets, interment being made in St. Mary's cemetery.

The East Side Business Men's club Thursday night adopted a comprehensive plan of publicity for the

GRESHAM HIGH LOSER OF GAME TO HILLSBORO

The Gresham high school boys opened the local gridiron season last Saturday by taking on the heavy pigskin luggers from Hillsboro, and demonstrated that they have the material to make a real football team.

The game was played on a wet field and a slight drizzle made the ball hard to handle and resulted in much fumbling by the players on both teams. Both sides early tried out passes and open football but they were unsuccessful as the condition of the ball made open play difficult.

Hillsboro worked an off tackle play to advantage and after a criss-cross had placed the ball on Gresham's 6-yard line, Hillsboro's heavy full back took the ball over the goal line on a hard smash through their right tackle.

Gresham made a valiant, though ineffectual attempt to tie the score the last quarter and the game ended with Hillsboro on the long end of the score.

The boys are trying hard to put up a good article of football and are going to bring some of the strongest teams in this part of the state here. Their expenses are heavy and they deserve a good attendance at the games.

Next Saturday, October 24, the strong Estacada team will be played here, and as there is considerable rivalry between the schools it will be an interesting contest.

The Gresham line-up was: L. E., Guerdon Humason; L. T., Emerson Brown; L. G., Leslie St. Clair; C., Harry Stanley; R. G., John McLin; R. T., Ernest Freeman; R. E., Frederick Honey; Q., Frank Rodgers; L. H., Kirk Thompson; R. H., Wilbur Stanley; F. B., Ralph Stanley. Substitutes, Wesley Shattuck, Ernest Lister.

BASKET BALL GIRLS' ORGANIZING TEAM

The girls' basket ball team of the Gresham high school has organized for the winter season with Miss Gertrude Liggitt, teacher of the seventh grade, as coach. Miss Hester Thorpe, who has been chosen manager, is in correspondence with other teams of the following towns for the series to be played: Silverton, Oregon City, Canby, The Dalles, Hood River, Stevenson, Astoria, Rainier, St. Helens, St. Johns, Estacada, Springwater, Vancouver, Camas, Washougal, Orient, Portland Girls' Trade school, White Salmon, Kelso, Clatskanie and Hillsboro.

If all the above towns should accept there would be 42 games including the return contests; but as there are only 15 weeks in the season and it is not at all probable that more than that many games can be arranged, it is expected that there will be a game every Friday night after the season opens, which will be about the first of December.

About a dozen of the Gresham girls will begin trying out for the team about the middle of next month. All games will be played under girls' rules.

CARTER'S C. C. STORE WILL RE-OPEN

Carter's C. C. Store which was located in the Bank of Gresham building for several years, and which discontinued business here last spring will re-open next week with an entire new stock of dry goods, boots, shoes and clothing. A \$5000 stock will be put in, but groceries will not be handled as before.

Mr. Carter has a lease on the store and has been paying rent for it. All the fixtures are there yet as they were left. The store is being put in shape for the new stock. Mr. Carter will be here on Sunday to install a new manager who will have charge of the store.

Just unloaded. A car of Shady Brook Dairy Feed. Alfalfa and molasses. Get our prices. Gresham Feed Mill. Phone 561.

VOTE FOR UNION HIGH SCHOOL SITE WAS UNANIMOUS

The election held in Gresham school district, No. 4, last Friday, to find out the sentiment for or against taking several other school districts into partnership in the matter of a union high school was very flattering to the advocates of the plan and the decision was unanimous to let the others all in as proprietors.

From the results of the meeting it seems as if everybody is an advocate of the plan, and if the people of the other surrounding districts are as anxious to get in as Gresham is to have them come there will be no need to count the opposition, for there won't be any.

Everything has been said that is necessary in way of argument. All that now remains is for the different districts to vote themselves into a consolidated body and the union high school will be built and in operation before another year. Gresham will furnish the grounds, a beautiful four-acre tract in a central location. It will help the other districts to do the rest.

The assessed valuation of the property in the several districts which will probably be embraced in the union is as follows: Gresham District, \$1,479,425; Terry District, 358,450; Cedar District, 219,150; Fairview District, 603,474; Powell Valley District, 256,490; Rockwood District, 435,980; Lynch District, 406,665; Pleasant Valley Dist., 481,145; Hillsview District, 78,565.

Total \$4,319,344

No more important measure was ever brought to the attention of the people here than this same idea of a union high school. In the absence of national aid which many advocate, there is the feature of state aid in the support of the common schools which are an absolute necessity if a country is to be enlightened and remain free. The grange is insistent for national aid but that idea may never be realized. However, there must be assistance, which happily every state is willing to give. This help must precede every form of

ASSOCIATION BANQUET SATURDAY, OCTOBER 31

The announcement made in the last Outlook that the Gresham Fruit-growers' banquet and entertainment would be held on the 30th was a mistake.

The gathering will be held on Saturday, October 31. Circular letters and invitations have been sent out to each stockholder who will issue the invitations to those who are interested in the cannery or are likely to become members of the association.

The lunch that is to be served at noon will be provided by a committee, and the addresses by the speakers will be made at the table. All who are shareholders or who have invitations are expected to be at the new cannery building before 12 o'clock.

The names of the speakers will be announced later.

TROUTDALE TO VOTE ON LOCAL OPTION

The report that there would be a local option election held in Gresham and Kenton, copied from a Portland paper, was without foundation, and no such elections will be held this year. Under the law a prohibition election cannot be held locally until 1915, or two years after a previous contest if the town or precinct votes dry.

The election has been ordered for Troutdale and Kenton, the name of Gresham having been written in by mistake. The petition for an election at Troutdale was initiated by the dry advocates of that place.

Home Cooking Restaurant.

A regular dinner will be served every day from 12 to 2. Short orders at any time. Having taken over the restaurant formerly conducted by Mr. Peck I would be pleased to retain his patronage and will endeavor to merit that of the entire public. L. HOLLYWOOD.

Miss Gladys Miller, who has been ill for the past week or two, is convalescing.

higher education and the foundation is the public school. It is at the same time the necessary groundwork of vocational and industrial schools. This will be generally admitted, but it is not so clearly understood that to provide a common school education for every child there must be a concerted effort. That idea is gaining ground and that is the reason why the people are getting ready to do what they should have done before in many places where the conditions were ripe for the experiment, if experiment it may be called. In union there is strength.

It is a fact that the grange is in favor of national aid in the support of the common schools. Naturally there is some opposition, mostly from sectarian sources which see the doom of parochial schools if the nation is to give assistance in educating the children. The National grange is in the fight to win, as it has won every other measure it has ever fought for, and there will be no let-up. It is preparing statistics for presentation at the next session which is only a few weeks away, and is in possession of facts for arguments that seem to be unassailable. It is shown that only twelve states expend more than \$28 per capita of school population. Many of them spend much less, including Oregon—and the average school year in the United States is not above 107 days.

If the children of school age are to have the education they are demanding to increase the endowments and lengthen the school year. It means national assistance doubling the present sum available. That is what the grange is fighting for.

These statistics are terribly expressive of the task which is before this nation if its future citizens are to have the advantage even of a simple common school education. It is a task in which the federal government must join with the states, since it is easily demonstrable that the welfare of the entire country is concerned. It is a subject worthy the consideration of the grange throughout the country, of congress and of the people.

REGNER'S BUILDING TO BE TWO STORIES

Plans for the new Regner building at the corner of Main and Second streets have been changed so as to provide for a two-story structure.

The new building will cover a ground space of 50x60 feet and the old building adjoining has a 50-foot frontage running back to nearly the center of the block. The upper floor will extend over both the new and old buildings and will be arranged as a public hall. It will have a hardwood floor 50x110 feet and the rear portion over the old building will be made into a banquet room with a kitchen and other conveniences.

The stairway will be built at the east side of the new part with a platform and doors leading into the hall and banquet room.

MACCABEE LODGE REVIVING SOCIALS

At a meeting of Rockwood Tent, Knights of the Maccabees, held last Friday night, it was decided to give a social entertainment on the third Saturday evening in November. It will be for members of the lodge and their families only.

A committee consisting of William Stanley, A. Schantin and John P. Freeman was appointed to arrange the nature of the entertainment. Something unusual is expected in the way of entertainment and there will be a supper of good things prepared by the Lady Maccabees.

Rockwood Tent, which is one of the oldest lodges in this part of the county, is a substantial organization, owning its own hall. It is planning a membership campaign and will be visited by State Commander Sherwood and a Portland degree team sometime during the winter when there are candidates to be initiated. The semi-annual election of officers will take place next month and probably there will be a joint public installation in January.

RELIEF CORPS HOLD BAZAAR AND REUNION

Last Saturday's meeting of M. A. Ross Post and Corps was one of the most interesting gatherings held by them in many months. Besides a full attendance of the local organizations, a number of visitors were present from Portland.

The women of the local Corps had arranged a bazaar which was well patronized, every article being sold. More than \$13 were realized from this source, which will be used for local work.

M. A. Ross Relief Corps has been noted for the splendid dinner served at the meetings, but in this case they certainly excelled themselves in the excellence and variety of the food.

The hour following the dinner was taken up with speeches by the visitors. C. A. Williams presided. Those who spoke were Commander T. H. Stephens, Chaplain W. T. Kerr and R. C. Markee of Sumner Post. Captain Perry gave several fine readings from James Whitcomb Riley. Other visitors were T. E. Hills, M. L. Pratt, F. M. Varney, C. T. Goulding, Fred Niedermarck, William Bates, W. E. Hayden, Peter Neuberger, W. Slaughterbark, I. A. Brown, Mrs. Hayden, Mrs. T. K. Williams, Mrs. Bates, Mrs. Lettie Cappell and Mrs. Elizabeth Ewers.

TEAM COLLIDES WITH AUTOMOBILE

C. I. Raker, hauling a load of furniture from Portland to the home of H. P. Branda at Troutdale, on Thursday night, colliding with an automobile while crossing a narrow bridge on the Sandy road, near Fairview. The auto, containing two men, came in the opposite direction and met Raker's team on the bridge. The horses took fright and reared, when the machine, which had not stacked up, ran under them. As a result the horses came down upon the occupants of the auto and in their struggles cut and bruised the drivers of the machine before they could be extricated. The horses, too, were injured somewhat but not dangerously, and the automobile was badly wrecked.

Mr. Raker, after separating his team from the auto and its occupants and caring for the two men so they could proceed, drew the wrecked machine to one side and drove his somewhat crippled horses, who had asserted their right to a part of the road, to Fairview. The two injured autoists, whose names were not given to Mr. Raker, proceeded to Portland in another auto.

Death of Mrs. D. S. Johnson.

Mrs. Almeda Johnson, wife of D. S. Johnson, died last Saturday at the state hospital at Salem where she had been a patient for a number of years. The remains were cremated at Salem on Sunday. Mr. Johnson and son Harry were present at the burial service.

The deceased is survived by her husband and three children, Ralph E. Johnson of Pocatello, Mrs. Emma B. Shelley of Troutdale and Harry Johnson of Gresham, also a sister Mrs. F. C. Lumis of Portland and a brother I. L. Ackley of Ridgefield, Washington.

Word has been received of the death at Battle Creek, Michigan, of Mrs. Eliza Brown, who succumbed suddenly to heart trouble on Saturday, October 17. Mrs. Brown was an old resident of eastern Multnomah, on what is known as the Fancher place near Gresham. Mrs. Brown is survived by a son, G. C. Fancher of Troutdale, and two daughters, Mrs. Cora Hornecker of Gresham and Mrs. Luna McConnell of Bowens, Kansas.

What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all Dealers.

GRESHAM MASONIC LODGE—Meets second Tuesday each month, 8 p. m. Worshipful Master, O. A. Eastman; Secretary, H. J. Puffer. Gresham.

PRIZE WON BY 164,033 VOTES IN CONTEST

Many contestants in the voting contest climbed up into the hundred thousand class at last night's count and Mrs. Carroll, the winner of the 26-piece set of silverware, is already nearing the 200,000 mark. This is the first prize won by Mrs. Carroll, the previous eight weekly prizes having been evenly divided between Gertrude Eastman and Echo Jones.

There were several spectators at last night's counting of votes. The judges were E. C. Lindsey, Mrs. John Metzger and Mrs. Hughes.

Mrs. Carroll is to be congratulated on her success and it is believed she not only deserves the valuable prize but has been rewarded for her effort.

The next weekly prize will be a set of teaspoons.

Those voting are urged to see that all votes are signed before being dropped in the ballot box. Last night the judges found several slips, aggregating nearly 15,000 votes, unsigned. They did not show who they were for and hence could not be counted.

It is expected the contest will grow more and more interesting until its end about Christmas time. There are many valuable prizes yet to be awarded weekly and the seven piano prizes at the end.

Many names heretofore published with the list are now omitted in accordance with the announcement recently made that those who made no gain over the nominating votes would be dropped after the 19th. If any desire to re-enter the 2000 votes will remain to their credit. Further nominations may be made if desired up to November first.

Burial of Little Girl.

Bertha, the 3-year-old daughter of P. H. Bates of Cottrell, was buried from Carlson's undertaking parlors yesterday afternoon. Death resulted from tuberculosis. Rev. J. H. Wood preached a brief funeral sermon and the remains were interred in Douglass cemetery beside those of her mother, who passed away last January.

Little Bertha had been cared for by her aunt Mrs. Susie Hamlin of La Center, Washington, where the death occurred.

Gravel and Sand.

I am prepared to furnish gravel and sand in any quantity from Bell pit. Also teaming, grading and excavating. J. H. Hoss. Telephone 79x.
