WHY YOU SHOULD VOTE FOR BOOTH

Republican Candidate for United States Senator

Are you better off now than you were under a Republican administration?

Are you satisfied? If you believe in the principles of the Republican Party, if you are convinced that these principles are best for the country, then prove it by voting for your standard bearer, Robert A. Booth, Republican candidate for the United States Senate.

You know that under Republican presidents the people of the United States have good times. You know that under Democratic presidents you have Democratic times.

Remember the prosperity under McKinley, Roosevelt and Taft. Remember conditions under Cleveland and Wilson. The issue in this campaign is not one of personality. It is not one of non-partisanship. It is a question of whether you prefer prosperity under Republican administration.

Do you have work enough? Are your wages good? Is your business what you want it to be? If you are satisfied with present conditions, well and good; if you believe that the present situation is better than under McKinley, Roosevelt and Taft, you know what to do.

The way to bring prosperity is to help elect a Republican Senate. The Republican candidate in Oregon is R. A. Booth.

This is a Republican year. Vote the ticket straight.
