 "The Linotype Way is the Way that Wins"
 Official paper of the Town of Gresham, Oregon.
 Official paper of the Town of Fairview, Oregon.
 Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

AN INTRENCHED IDEA.

All the leading magazines of this country contain articles alleging to give the inside causes of the present European war. It would be instructive to read them all, and it would serve to give one a more complete idea of the customs, both social and political if every magazine article could be reprinted in the papers of general circulation. But the copyright forbids.

With such a diversity of opinion expressed in so many well written articles there are sure to be some ideas touching on the right cause or causes of the war.

Also, there are certain to be some things printed which are far from the mark and which future knowledge of the situation will prove to be fallacious and misleading.

All of the magazines have avoided a personal expression favorable or against any of the nations at war, except as through signed articles by prominent authors. Such articles are only personal opinions gained from observation.

A writer in the Century magazine probably comes nearest to the real cause of the war when he says that it is primarily a war for the survival of an idea—the imperialistic idea of centralized, mechanical force.

The aristocratic idea has intrenched itself so firmly in the traditions of the old world that an uprooting has become necessary. Perhaps the prophecy of another noted writer will be fulfilled—The present war will end the reigns of royalty and all nations will become republics.

The efforts made by Governor West to belittle R. A. Booth and thus defeat him for senator can have but one effect. Mr. Booth's supporters will rally closer to him than ever, and while he may not be elected senator he will get the full vote of all who intended to support him for senator. On the other hand Governor West has lost the esteem which many republicans had for him before he began his campaign to re-elect Senator Chamberlain.

An effort to belittle Representative Lafferty is being made by the Oregonian because he wears good clothes and lives at the Army and Navy club while in Washington. About the only fault the Oregonian can find with Mr. Lafferty is that he doesn't appear in congress or Washington society dressed in overalls and jumper. It is to laugh, for such attacks will help to re-elect Lafferty again.

The supreme court has decided that Cleton is county judge and that Holman is a county commissioner, but it is silent on the question as to whether this county shall have three commissioners hereafter. The election of a circuit judge for department No. 6 and two commissioners will probably go ahead and the status of the courts decided later.

Mr. and Mrs. E. E. Chipman had as guests last Sunday Mrs. Chipman's brother J. B. Jones and wife of Cottrell.

OUR ONE CANDIDATE.

B. C. Altman, of Scenic, is the regular Prohibition nominee for joint senator of the fourteenth senatorial district, comprising Clackamas, Columbia and Multnomah counties.

Mr. Altman is no stranger to the people of either county, as he is widely known as one of the most progressive farmers in Multnomah county. His efforts to improve the stock industry, by building up one of the finest Jersey herds in the state, has placed him in the front rank in that direction and his industry is being endorsed by all with whom he has become associated.

Politically Mr. Altman has been a consistent republican and was a member of the legislature six years ago from Multnomah county. He is well equipped with intelligence and knowledge of the needs of the state, and is qualified to do good work as a legislator.

In these days of non-partisan proclivities, with no distracting political jobs to hinder a member from doing his full duty, it would seem to be the part of wisdom to break away from traditional lines and elect a man who will be faithful alike to the county, the state and the great principle of temperance. If prohibition carries he will be in sympathy with it; if not he would be in a position to demand the enforcement of existing laws looking toward better government.

A vote for Mr. Altman will not be wasted and he should be elected as the one lone representative from Eastern Multnomah. There is no other candidate on the ticket from this section.

Tom Hurlburt is better and more favorably known in the ten precincts of Eastern Multnomah than Tom Word. As every precinct is strongly republican there can be no question as to which will get the most votes east of Portland.

Clothes don't always make the man, but a good dresser commands respectful attention. He is sometimes unjustly assailed for daring to wear good clothes when associating with ladies and gentlemen.

DR. A. K. HIGGS
1914

DR. HIGGS SHOULD BE ELECTED TO THE LEGISLATURE.

While Multnomah Camp in the past has refrained from advocating or discussing politics, or religious matters, still, the Camp and the Booster is in favor of good government and each and every member desires to help in electing good, honest men to positions of importance and public trust. In keeping with the desire of the membership we with great pleasure advocate the selection of our Consul Commander, Dr. A. K. Higgs, as a member of the next legislature—an honest man, a true Woodman and a public-spirited citizen. A man if elected who would safeguard the people's interests and do his full duty as a servant of the people. Neighbor Higgs is now serving his second term as consul commander and he has been an active worker for the welfare and upbuilding of the Camp. Faithful to every trust entrusted to him—which is a guarantee of what he would do in legislating for the welfare of all. We hope to see the doctor elected by a big handsome majority.—Multnomah Booster. (Paid Adv.)

McArthur Has Good Record

As Member of Legislature He Voted To Regulate Corporations.

House Journals Cited as Proof.

C. N. McARTHUR,
Regular Republican Nominee for Congress.

Mr. McArthur's enemies have charged him with being the candidate of "Big Business," but an examination of the house journals of the sessions of 1909 and 1913 gives the lie to these charges. At each of these sessions corporations were represented by powerful lobbyists and strong influences were brought to bear in their behalf, yet the official records show that Mr. McArthur supported and voted for many measures regulating railroads and other corporations in their dealings with the public. Among these measures may be mentioned the following:

- An act providing for the better protection of travelers and railroad employees by requiring railroad companies to fence their right-of-way.
- An act creating the insurance department, prohibiting premium rates, regulating insurance rates, and providing the enforcement of first-class rates.
- An act providing for the regulation, distribution, use and right to use water, commonly known as the "Water Code."
- An act prohibiting unjust discrimination between localities by railroads and other common carriers.
- An act providing for the construction, maintenance and operation of switch connections between railroads and branch line railroads and private sidetracks.
- An act requiring railroad companies east of the Cascade mountains to mow the grass and weeds from their right-of-way during the month of June each year.
- An act providing for the granting of water power franchise by the state, and collecting fees therefor.
- An act providing for an appropriation to extend the State Postage road from Big Eddy to The Dalles, thereby completing the connection between the boat lines of the upper and lower Columbia river.
- An act compelling railroad companies to install cattle guards.
- An act protecting the purchasers of stocks and bonds, and preventing fraud in the sale thereof, commonly known as the "Blue Sky Law."
- An act amending section 6204 of Lord's Oregon Laws relative to demurrage and reciprocal demurrage, and preventing discrimination.
- An act providing for the surrendering and turning over to the state of Oregon by the Southern Pacific company, certain property at the foot of Jefferson street, commonly known as the "Public Levee."
- An act providing for the supervision and regulation of the issuance of stock certificates of public corporations.

One cannot read this record without coming to the conclusion that Mr. McArthur has, as a member of the Legislature of this state, been faithful to the people's interests. He has not been owned or controlled by the corporations, as his opponents allege. He has, however, been fair and just to the corporations, as well as to all other interests, has never attempted to make political capital or play the role of the demagogue by ranting against them. He believes that corporations are necessary for our general welfare, but is also a firm believer in rigid regulation and control of these corporations. If elected to Congress, Mr. McArthur will continue to work for the best interests of his constituents. A vote for him is a vote for an upright, courageous and fair minded public official, who

What Would You Do?
 There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all Dealers.

 George Canzler is preparing to build a house on his lot west of True's.
 The "Brethren" have built a nice hall, and meetings are held there now.
 Harley Bates has built a nice house in his grove. It is wired for electric lights.
 Mrs. Bourgeois has her new house wired for electric lights. There are no power wires here as yet, but probably will be in the near future. They have them at the auto club now.
 Born to Mr. and Mrs. A. Kerslake on Tuesday last, a boy.
 Mrs. Bell has returned from a trip to Kansas.
 Mr. Preston is home from a trip to California.
 Quite a number of people have been fording the Sandy this summer, crossing on the rifle about 200 yards above where the bridge stood. The bridge is progressing slowly. The piers are not finished yet. We will be glad when this bridge is completed, then if the county will open that new road from Sweet Brier ranch west to Troutdale road, it would be a lot nearer to Gresham. This is something the business men of Gresham should look into as they would get considerable more trade from here. People are finding that Gresham is a good place to trade.

WHY YOU SHOULD VOTE FOR BOOTH

Republican Candidate for United States Senator

Are you better off now than you were under a Republican administration?
 Are you satisfied?
 If you believe in the principles of the Republican Party, if you are convinced that these principles are best for the country, then prove it by voting for your standard bearer, Robert A. Booth, Republican candidate for the United States Senate.
 You know that under Republican presidents the people of the United States have good times.
 You know that under Democratic presidents you have Democratic times.
 Remember the prosperity under McKinley, Roosevelt and Taft. Remember conditions under Cleveland and Wilson.
 The issue in this campaign is not one of personality. It is not one of non-partisanship. It is a question of whether you prefer prosperity under Republican administration.
 Do you have work enough? Are your wages good? Is your business what you want it to be?
 If you are satisfied with present conditions, well and good; if you believe that the present situation is better than under McKinley, Roosevelt and Taft, you know what to do.
 The way to bring prosperity is to help elect a Republican Senate. The Republican candidate in Oregon is R. A. Booth.
 This is a Republican year. Vote the ticket straight.
