SECRETARY MILLER MAKES STATEMENT

At the meeting of the Gresham Fruitgrowers' association directors, held on Wednesday evening, it was decided to levy an assessment of 50 per cent on the capital stock for the purpose of installing machinery in the cannery and getting ready for early spring work.

Secretary K. A. Miller made a written statement of the financial standing of the company, with other statistics of interest. His report, which was written, reads as follows: A statistical report from the secretary of a corporation is usually dry and uninteresting to those vitally interested, however, I will endeavor to give you the salient features of what we have done with the stockholders money without quoting a long list of receipts and disbursements. I might say in the beginning that we have spent none of our money foolishly or for big salaries. We spent \$40.00 for incorporation fees and taxes, about \$75.00 for printing and office supplies; \$159.90 for orchard boxes, used in handling the pear crop and \$50.00 to Mr. Sterling for about three months work; the balance of all money received has been spent on the building and grounds.

The Gresham Fruit Growers' association was organized and incorporated on June 22d, 1914, with a capital stock of \$15,000.00 divided into 600 shares of \$25.00 each. We now have 168 stockholders holding 336 shares valued at \$8400.00.

We have called one assessment of 25 per cent and will have to make another call at once to take care of our outstanding accounts which amount to over \$3000.00. Our first assessment brought in \$1141.00 in cash and about six or seven hundred dollars worth of work, in fact the building was put up entirely, with one exception, by stockholders who worked out their stock either in part or in whole, the balance of this assessment amounting to about \$500 is delinquent.

Our building will cost us close to \$4000 divided as follows: mill work including glazing, \$200; plumbing, \$200; roofing, \$465; painting, \$100; flooring, \$625; lumber, \$1900; labor, \$1050; incidentals, \$300. Total \$4000.

In addition to our building we have ordered put in a switch which is now in the course of construction and when completed will cost us about \$700, \$200 of which has already been paid, so you will see that our first outlay will run very close to \$5000, we have not figured all of our items down to the cent but you will readily see that in order to keep our credit good we must raise quite a sum of money within the next 30 days to meet our obligations. We have taken in \$1100 in cash and about \$600 in labor leaving over \$3000 to be provided for; so when you stockholders receive a notice for half your subscription don't grumble but sit right down and send us your check for the amount by return mail.

The directors who have had charge of the affairs of the association have taken a great interest in this undertaking and I believe every cent so far has been wisely and judiciously spent.

As, no doubt, most of you present know that the association tried to help out the people in this locality by handling the pear crop and when I give you figures believe you will agree with me that we certainly did well having to work under conditions as they existed.

We bought from the growers 132,401 pounds or five car loads of Bartlett pears paying the growers \$20. The first three cars we sold so as to net \$25 per ton but owing to the ripened condition of the last pears we only received \$20 per ton for the last two cars. There is still due from the Clarke County Growers Union the sum of \$242.36 and when this sum is received and distributed we will have distributed in this locality for pears the sum of \$1531.92.

To show what this co-operation did for the growers I wish to give one illustration that was brought to our attention. One grower brought

in something like six tons and received about \$140, last year he had twice as many pears and received \$29.00.

The association did not make anything for themselves from handling the pears this year but we feel encouraged to think that we will be in a position to help the growers and make this section more prosperous and when our cannery gets in full operation we will be able to help to a greater extent and it behooves every person interested in Eastern Multnomah county and that portion of Clackamas county which lies adjacent thereto to get in and boost for this cannery and take a share of stock in the association, we will need the help of every farmer and in order to succeed must have the hearty co-operation of every one.

K. A. MILLER, Secretary.

Remarkable Cure of Croup.
"Last winter when my little boy had croup I got him a bottle of Chamberlain's Cough Remedy. I honestly believe it saved his life," writes Mrs. J. B. Cook, Indiana, Pa. "It cut the phlegm and relieved his coughing spells. I am most grateful for what this remedy has done for him." For sale by all Dealers.

From the election returns it is noted that Troutdale went dry by a majority of 16. The order-loving people of that thriving city are to be congratulated on the fact that the saloon will have to go. It has been the blight of Troutdale during all the years of prosperity that have passed. Perhaps the new conditions will attract other and more legitimate enterprises.

Gresham will have a substation of the coroner's office at Carlson's when Dr. Dammasch succeeds to the job in January.

Oregon, Colorado, Arizona and Washington have voted out liquor. "One by one the roses fall."

The Voting Contest is on. Are you a candidate? If not and you want a valuable prize, send in your name, then get your friends to vote for you.

Despondency Due to Indigestion.
It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the lightest foods. I tried every thing that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by All Dealers.
