**A Few Words About Prescriptions**

Your doctor fights disease with medicine. If the medicine is not right, he cannot conquer disease. If the druggist does his duty the medicine will be right, and your doctor will stand a fair chance of winning the victory.

In no other branch of the Drug Business should the details receive more care and attention than in the Prescription department. Every detail there is important.

We realize this fact and make thoroughness a feature of our prescription case.

Every Prescription dispensed at this store has the personal attention of the proprietors.

We use only the PUREST and BEST DRUGS obtainable and our prices are guaranteed lower than any place in the city.
