ALL THE DOINGS OF YOUR HOME TOWN

[The Outlook reporters are hustlers and try to get every item about persons and events in the locality that is worthy of being printed. Mention of anything that might otherwise be overlooked will be greatly appreciated. You are no farther from the Outlook office than your telephone.]

George Lee, of Rockwood, who is operating an auto milk route, has purchased an acre tract from Chas. Powell on the Section Line road and is having a house built, where he expects to move with his family in a short time.

The local telephone company is replacing the poles on the county road leading from the city limits at the end of North Main street to the Base Line. They will be placed half way between the old ones, and after the wires are connected up the latter will be removed. New crossarms have been made and the poles are delivered along the line ready to be set.

Mrs. O. H. Jenkins, of Mt. Tabor, accompanied by her daughter, Mrs. R. W. Thorpe and baby, has been spending several days with relatives in this vicinity.

The roof of J. J. Robertson's farmhouse, southeast of Gresham was seen to be on fire late Saturday afternoon by Mrs. J. O. Downing who was driving by. She gave the alarm and helped to carry water to extinguish the blaze which was in the roof. The loss was nominal but the escape from total destruction of house and contents was so narrow that the incident seemed like a dream.

The Troutdale Chapter O. E. S. will meet next Saturday evening, December 19 at Masonic hall Troutdale, for the election of officers and the payment of dues. A full attendance of the membership is expected.

Grandma Lusted, who is making her home with her daughter-in-law Mrs. L. T. Lusted, has gone for a short visit at the home of her son George Lusted.

Mrs. Anna Guldenzopf and sons Henry and Willie, of Kelso, visited Sunday with her daughter Miss Henrietta at the home of Mrs. O. W. Tarr.

Mr. and Mrs. Will Hockinson, of Portland, visited on Sunday with Mr. and Mrs. T. R. Howitt.

Mr. and Mrs. William Powell and family, who have lived for the past two years on their farm near the 12-mile house, moved this week to Sandy where they will take charge of the hotel. They are experienced in that line of work and will no doubt make a success of the venture.

A special meeting of Gresham grange will be held Friday evening for the purpose of conferring the first and second degrees on Mr. and Mrs. T. W. Cross.

Earl Thompson has returned to Culver after a visit of a few days in Gresham.

A special meeting of the Ladies' Aid society will be held Thursday afternoon at the home of Mrs. W. R. Kern for the purpose of tying comforts.

Mr. Whitehead was a caller Sunday at the home of D. Wright. He inspected the improvements recently made on his property here. Plans are under way for the erection of a house, barn and garage.

Excavation has been begun for the basement for T. R. Howitt's new modern residence which will be erected on Roberts avenue and Second street. Arthur Fieldhouse, who has the contract for the concrete work, will proceed as rapidly as possible and the work of building will be commenced as soon as the weather conditions will permit. The residence, which will be a six-room bungalow, is expected to be ready for occupancy early in the spring.

Ralph Kepler and wife, of Los Angeles, California, are visiting with his grandfather and great grandmother, William Congdon and Mrs. M. Roton.

Miss Pearl Jones returned Saturday from Quincy near Astoria, where she had been for three weeks, recuperating after her recent illness.

Glifton Peterson and Charlie Parker arrived Saturday from the coast for a visit with friends and relatives. Mr. Peterson has been employed for the past year and a half by the P. R. & N. at Wheeler, Oregon and Mr. Parker has been working on a new schoolhouse near Manzanita. The boys tramped from Manzanita to Seaside, a distance of 32 miles, in eight hours and took the train there for Portland.

Iver Davidson and wife moved this week to Cottrell where he will engage in stock raising on the farm of his father-in-law Jacob Hossner.

The Queen Esther circle is collecting canned fruit, vegetables and other provisions for their Christmas box, which will be used for relief work wherever needed. Canned fruit for the box may be left at the Outlook office. Leave other contributions at the Puffer Mercantile Co.'s store.

Shorthorns for Eastern Oregon.

Chas. Powell recently sold eight head of his fine Shorthorn stock to Mays Bros. of Wasco county, who own three large stock ranches in eastern Oregon. Mr. Powell's Shorthorns helped to make up a car load which will be distributed among the ranches, which are located at Tygh Valley, Dufur and Prineville.

Mr. Powell also sold one of his Shorthorns to Mr. Billings of White Salmon, Washington.

These sales leave Mr. Powell with only one cow. Six years ago he sold his stock down to one cow and since that time has sold fifteen head, all the progeny of that one cow.

Reform Election Laws.

The simplified registration law prepared by a committee in Marion county composed of County Clerk Gehlha, Ex-Representative Hetzel and Col. E. Hofer provides a permanent registration.

The expense is reduced to a minimum, and the voter once registered is put to no further trouble for any election unless he removes from the precinct and acquires new residence. The graft between Portland printing and blank book houses is broken by this bill, and all the work can be done in the county, and all useless red tape is done away with.

The committee is going to show up the enormous expense of the present system and how much will be saved by the new plan.

The state Labor Commission collects \$21,000 for inspection of factories. The Workingmen's Compensation commission is required to do the same thing. These commissions are to be consolidated.

From 1900 to 1910 Oregon increased in population outside of cities only 46,969 or 4,697 per year. More industries, cheaper land and lower taxes are the remedy.
