Official paper of the Town of Gresham, Oregon. Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

NOT CLEAR SAILING.

It is becoming manifest that there is going to be considerable opposition to the proposed bond issue for hard surface roads.

Among those who are opposed to the measure are to be found many farmers who have everything to gain and nothing to lose.

But the paying for good roads is not the cause of their opposition. They are opposed to John B. Yeon.

While it is to be expected that a few heavy taxpayers would oppose the bonding proposition it is inconceivable that anyone with a farm in eastern Multnomah would offer opposition.

The present crushed rock and graveled roads are out of date. They are growing obsolete and to build more of them would be folly.

Many persons who favor good roads would prefer a direct tax and if the bond issue is not carried that is what they will have to meet.

There is no valid reason why the election should not be in favor of the bonds, for every farmer and every laboring man should vote in their favor even if Mr. Yeon and the paving companies are to make something out of the work.

A CITY PARK.

Attention is called to Mayor Stapleton's letter in this issue, urging a city park on Gresham Butte.

Land values are now at their lowest ebb and the city might do worse than to invest in land suitable for a park.

THE OREGON ALMANAC. An advance copy of the Oregon Almanac has been received from the Oregon State Immigration commission.

The county court of Crook county has made a liberal appropriation of funds to be used on the Lincoln Highway between Bend and LaPine.

It is for free distribution and a copy may be had by addressing the secretary, Marshall N. Dana, Portland.

RURAL FARM CREDITS.

A resolution bearing on the problem of rural credits and farm loans, published in connection with the report of Pomona grange.

The greatest wealth producing factor in the nation today is the producer, yet he is hampered in many instances by a lack of money to carry on his operations.

It is the belief of the grange membership that the nation should give assistance to those who produce its wealth and that is the end sought for in the resolutions just adopted.

While there are several different ideas as to how the nation should render assistance, there is but one idea concerning the funds of the postal savings banks.

Of course it is understood that the money interests are going to fight the proposition, and, if possible, they will defeat the grange proposition by endeavoring to dictate the class of legislation that loan companies may reap a profit from.

The grange is further demanding that the limit of deposits be increased to \$1000 for each individual, thereby increasing the funds to be loaned out on farm property security.

Last year in Multnomah county there were 54 arrests for violators of the state game laws, resulting in 53 convictions.

The Outlook is the sole member of the Gresham Want Ad service company, and will guarantee space in its columns at one cent a word.

Somehow a woman dislikes to hear her husband talk shop almost as much as a man dislikes to hear his wife talk shopping.

Grass is naturally green, but after a man has bumped up against a grass widow he is apt to imagine he is color blind.

The world would be some better if every man was as determined to pay everything as he is to pay a grudge.

A man naturally feels put out if he loses his job.

Worry is a bad bedfellow. Kick it out.

Sealed bids will be received by the Executive committee of Multnomah grange, No. 71, for painting the Orient Grange hall.

All bids to be in by April 15, 1915. Executive committee reserves the right to reject any and all bids.

The Stirring News of One Week.

The liquor interests, with a line of battle centered on Washington, are now witnessing the crumpling up of their right flank.

Idaho, by vote of 45 to 12 in the house and 26 to 6 in the senate, has passed a prohibition law to become effective January 1, 1916.

Utah has completed the passage of the Wootten state-wide prohibition bill. Minnesota at last has a county option bill which will eventually drive 1500 saloons out of the state.

North Carolina has submitted to the voters, to be decided in a special election August 1st, a proposition to prohibit absolutely the bringing of liquors into the state for beverage purposes.

New Jersey, "the wettest state", has just succeeded in getting a local option bill through its senate.

South Dakota, by a bill passed March 3, provides for an election on the question of state-wide prohibition in November, 1916.

And that is not all of the week's story. In Chicago all forces have united for a local option fight under the direction of Mr. G. F. Rinehart.

The saloons of Springfield, Illinois, have just been ordered to close on Sunday hereafter. Two more distillery failures are reported from Kentucky.

The states which have acted in favor of prohibition up to March 1st are: Alabama, Arizona, Arkansas, Colorado, Georgia, Idaho, Iowa, Kansas, Maine, Mississippi, North Carolina, North Dakota, Oklahoma, Oregon, Tennessee, Utah, Virginia, Washington and West Virginia.

Governor Spry, of Utah, filed with the Secretary of State yesterday his veto of the Wootten state-wide prohibition bill.

The veto message cites the local option law of the state as affording prohibition to such communities as desire it, especially with the operation of the new "dry territory" bill.

His concluding objection is that the bill abolishes the saloon and makes the druggist the disposer of alcohol and wine on the physician's prescription.
