AWAITING A SAVIOR.
 It has been the history of the world that the man of the hour has arisen. From the earliest dawn of all nations there has been a savior who answered the call and led his people into freedom and victory. Hannibal, Caesar, Alexander, Cromwell, Napoleon, Washington, Lincoln, Grant and a host of others have come at the opportune time and answered the call of their people in the depths of their woe and desperation.
 The present war will yet be productive of a savior. To whichever nation he comes will the palm of victory be awarded. Which one will it be?
 How the wall moans across the scarred fields of battle and through the ruined cities; among the countless graves where lie the bones of men who but lately were the flower of the several nations.
 How deeply it stirs Germany, hard pressed but not daunted.
 How insistent is the strident demand in England, where sentiment is slow to acknowledge the mastery of judgment.
 How France abandons in the crisis her overdrawn political creed of freedom gone mad, and awaits his coming.
 How Russia, her warring hosts imbued with a sentiment of coming liberty and profitable greatness, looks eagerly forward.
 How Italy looks across the Adriatic and covets the greatness of enlarged territory and waits to welcome the conqueror.
 Each is awaiting a savior; which will find him?
TO SOME WHO OPPOSE.
 There is a contention that the county should have included the two principal streets of Gresham in its plans for hard surface. Because the notices are not explicit on that point there is to be some opposition to the bond issue here.
 Powell street will be improved 18 feet wide as far as the fountain. That is all the county can do at this time or at any time. If the people here want a full-width improvement they can have it by doing the remainder of the work.
 Powell street will have the same improvement extended another year clear through the city. Main street will also get the same share of hard surface when the time comes.
 There is no excuse on that score for opposing the bond issue.
 Fifty years ago today the nation mourned over the death of Lincoln. The whole world was horrified when the shot was fired that was heard around the world, and the American people had found its greatest man of the 19th century. In the fifty years that have passed the memory of Lincoln has become enshrined in the hearts of all, the stronger with each succeeding year and always growing stronger.
 Copies of the Montavilla Sun have been received by the Outlook. It is a new paper, published weekly by James I. Crabbe, and has a splendid field for development. The Sun should be a welcome visitor to the 12,000 people of the Villa, even if it shines only one day in seven.
 It is the duty of every voter to help along prosperity. The expenditure of \$100,000 for labor in eastern Multnomah means prosperity. Some of that money will be circulated here and a good share of it will be spent for farm produce.
 Women are voters now and they are eligible to vote on the bond issue tomorrow. If they are in favor of progress and good roads they will come out in full force and vote for the bonds.
 The man who says he wants nothing but justice hates to go to court without a lawyer—which accounts for the existence of the lawyer.
 Probably the poet who wrote the "Little Brown Jug" was thinking of loganberry juice.
 There are rumors of a flanking movement in this fierce war now in progress.

GOOD TASTE.
 At this season of the year, when house cleaning and moving are so intimately associated with each other it is incumbent on all of us to have a little sprinkling of that attribute known as good taste.
 Good taste is defined as noiseless beauty, but it is harder to obtain than wealth, education, or blonde hair by a brunett. The easiest way to acquire good taste, like blonde hair, is to be born with it.
 Good taste enables its possessor to wear colors that will assimilate with each other and not get out and throw bricksbats. It is the greatest arbitrator in the world and should be used on every occasion. Many a man who has tried to arrange a carload of furniture in a strange house, and has only succeeded in producing a new line of profanity over his efforts to set up the kitchen stove, has wondered how his wife is able to quell the riot with a few soothing words and deft touches. It is because she has good taste.
 She may be willing to concede the money making powers to him and take everything for granted except the arrangements of the furniture, but she can combine a little wall paper and a few tacks in such a manner that a man will sigh with pleasure and wonder why he couldn't do the same thing himself.
 But all women don't have good taste, or if they do have it they fail to use it to the best advantage. Some women can be beautiful with a plain gown made by herself and a ribbon in the right place, but other women will keep four dressmakers and then command only the same line of admiration as a political mass meeting or circus parade.
 People of good taste are capable of converting a millionaire's money into art and other forms of beauty. Nothing equals good taste in distributing other people's money.
 Good taste is the sister of simplicity, the mother of fashion and the eleventh cousin of modesty. The difference between good taste and style is that you will not be ashamed of good taste next year in the styles of Easter bonnets.
BASEBALL.
 Baseball is a condition, not a theory. If you look up the mortuary list of grandmothers who are being buried today in Portland and its immediate vicinity you will be surprised, and the death of everyone is due to baseball.
 Baseball is the great leveler of caste, for no one can claim superiority over another, not even the umpire. That individual is entitled to some respect before the game is called, but no one is responsible for what he is called while the game is in progress. Twenty thousand fans yelled themselves into spasms this afternoon, and all the rest of us were sorry we couldn't do likewise. All interest in everything else was lost until the score was made known, and no one but grandmothers could afford to die before a day like this.
 The grandmother joke is ancient but it is the best excuse known for getting a slant at the game at any time during the season. If the pastime could only be introduced in Europe at the close of the war, when grandmothers will be in a majority, there would be some hope for the effete foreigners who have never known the thrills of the sandlots nor experienced the joy of thumping the umpire.
 Baseball sits enthroned in the American heart, as strongly entrenched as the wrinkles on a cow's horns; there is no medicine that will cure the feeling nor remove the wrinkles. Both are a part of the great scheme of existence, as much so as the procession of the equinoxes or the tides of the ocean. Great is baseball.
 What's the score?
 After the formal opening of the Celilo Canal, the steamers Bailey Gatzert and Dalles City will maintain a regular service between Portland and The Dalles, while a through service to the head of navigation will be given by the steamers State of Washington, J. N. Teal, Twin Cities and Inland Empire.
 The government will provide 4000 goats for firefighters. The government gets everybody's so easily it ought to raise the number all right.
 When the trades unions get into full power a law will be passed that a person may be happy only eight hours a day.
 Down in Texas they are placing a bounty on stork visitations. Allee some coyotes and other night-howlers.
 What will become of the grand sport of skeeving when all the whisks are banned from the state?
 If Japan keeps on wanting to send an army to Europe what will happen? Answer: They may let her.
 Horrors! The tea shops in Petrograd have shut down because of the scarcity of water.

 A Purity league was organized last Thursday at the Methodist church. Officers elected were, Mrs. L. Kummer, captain; Miss Salene Fox, secretary; Mrs. Gene Larson, treasurer; Muri Monahan, guard.
 A kitchen shower will be held at the M. E. church April 21st. The ladies invite all to come and bring some kitchen utensil as they are desirous of furnishing their kitchen. On April 24th the Ladies' Aid will serve a Dutch supper in the basement of the church. Come and help the good work along. The proceeds will be used to buy dishes for the dining room.
 J. R. Knarr and family have moved to Stephens, Washington, where he has taken a contract for taking out railroad ties. They will probably return in the fall.
 The marriage of Miss Mae Hatfield, daughter of Mr. and Mrs. I. K. Hatfield, to Odin Anderson of Clatskanie, took place Saturday afternoon at the home of the bride's parents. It was a quiet wedding, witnessed by the near relatives only. Mr. and Mrs. Anderson left at once for Hood River where they will spend their honeymoon.
 Willard-Hawley, Geo. Pussey and son, of Oregon City, were Sunday guests of Mr. and Mrs. M. J. Tiller.
 Miss Stella Hatfield, who is teaching at Clatskanie, was at home for her sister's wedding.
 Geo. Larson and wife have returned to Celilo after a visit of several weeks in the home of the latter's parents, Mr. and Mrs. D. W. Mickley.

THE LITTLE TRADER WHO TELLS IT ALL
 * You want something some body else has; somebody wants something you have—there is never rest nor contentment until you and the other fellow finds the things you both want.
 * There is only one way to get you together, and that is for you and him to tell each other.
 * The little want ad does it.

Chamber of Commerce Representative to Tour the State.
 The work of consolidating the commercial and civic bodies of Portland having been completed, the new Chamber of Commerce is preparing to have a representative visit every city in the state where there is a commercial organization for the purpose of offering every assistance to make its work more effective. Any organization which desires the co-operation of this body in any matter pertaining to the development of its own town or its particular section of the state, is requested to immediately notify the Chamber of Commerce and we will co-operate with them in every possible way. We are preparing to send out a man, not for the purpose of securing more members for our own organization, but to make an effort to bring about closer relations between Portland and the cities and counties of the state. The plan is being developed and dates will be arranged in accordance with the demands of the cities desiring the co-operation of this organization.
 The good roads campaign which has been launched in Multnomah county is being given the unqualified support of the New Chamber of Commerce. Committees have been appointed to look after the details of organization and to make every effort to induce the voters to go to the polls and vote in favor of the bond issue. If the movement is successful, \$1,250,000 will be expended in hard-surfacing not less than 70 miles of roads in the county.

STAPLE AND FANCY GROCERIES

Crowd Out Oregon Spuds.
 "The rise of potato growing as an industry in Idaho and Colorado is one great cause of the potato depression in Oregon because the crops of these two states have taken the southern market," says H. B. Miller, director of the department of commercial and industrial survey of the University of Oregon school of commerce. Formerly perhaps 40 per cent of Oregon's potato exports went below the Mason and Dixon line.
 Mr. Miller thinks German competition will ultimately be a big factor in southern markets if the duty remains off potatoes as at present. The German with his cheap labor, cheap fertilizers and water transportation can in normal times meet the Idaho grower on even terms in the south or extreme east.

May 10, the anniversary of the discovery of the Columbia River by Captain Gray, has been set aside by the management of the Panama-Pacific Exposition as "Columbia River Day." The observance of this anniversary will come as a fitting climax to the week-long celebration of the opening of the Celilo Canal.
