IT PAYS TO GET GOOD PAINT!

Protection and Beauty are the two great objects in painting. Paints that will peel or crack and let in moisture gives poor protection—and is a bad investment. Paint that has cheap colors which fade cannot give beauty—and is a bad investment.

It costs no more to apply "High Standard" than poor paints, and it gives perfect protection and beauty. Lowe Brothers "High Standard" Liquid Paint sets in a close tight coat that gives perfect protection and long wear. Only fadeless colors are used, and you get lasting beauty.

That's why we sell and recommend "High Standard." We know it will give you best results.

Floor Paint

This is a strong, hard-drying paint for floors, boat decks and all places having hard wear, and is very durable. It comes in a variety of colors.

Floor Varnish

There is a difference in varnishes for floor use. Lowe Brothers Durable Floor Varnish is very tough and elastic, does not easily scratch or mar, and resists hard wear and dampness.

Mellotone

Mellotone is the most perfect wall finish. Its soft tints are very beautiful and absolutely fadeless. It is also washable, does not easily scratch or mar, and lasts much longer than wallpaper or other finishes. More beautiful, more durable more economical in the end. Ask for color cards.
