necessary to economize, and that by consolidating Station "A" with Station "E" a big saving could be made, and that he had recommended this consolidation in the interest of economy to the postoffice department. Two committees called on the inspector and got the same answer. We presented the inspector with a mass of facts and figures to show the need of retaining this station, but the inspector said these cut no figure, as he must make a cut somewhere. We have not ignored Postmaster Myers, but have mailed our petition asking for better mail service in Central East Portland, and are glad to hear him announce that Station "A" will not be removed. We are asking for a better location and better mail facilities for Central East Portland, which has outgrown the present location and facilities."

The women of Centenary Methodist church held a banquet in the church parlors to which none but the women were invited. No man could buy a ticket to this banquet. This is in retaliation to the banquet given by the men some time ago to which none of the women were invited. At the banquet Mrs. T. W. Lane, wife of Rev. T. W. Lane, the pastor, spoke. Mrs. Mattie Sleeth, of the W. C. T. U., talked on "Current Events", and Mrs. Charles Weaver, national secretary of the Women's Home Missionary society, made a talk. Rev. and Mrs. Thompson spent twelve years at Palestine as missionaries and have just returned to the United States, having been driven out of that country by the war. They will not return until after the close of the war. Mr. Thompson is at California at present.

COLUMBIA HEIGHTS

CORBETT, Ore., April 11.—Editor Outlook:—The Highway was a lively place on Sunday and people away from here that had not yet seen this fine road came in great numbers by autos yesterday, to have a good look of it before election, and we hope that when they go to the polls on Wednesday to cast their vote, it will be yes. It is for the good of Oregon in general that we should build permanent roads and stop wasting of any more money on the old everlasting patching up road building. The laboring class is voting against their own interest if they vote against it and take stock in what the labor leader and agitator are trying to tell them. By voting for the bonds, there will be plenty of work which means that they will be able to keep the wolf from the door for some time. It also means better farming, more land to be utilized. Is it not that which helps to make better times? It is ridiculous to listen to all the slander, that such men as Mr. Yeon and Mr. Benson have to take for the interest they are taking in behalf of our state. They are sacrificing their time and money to the good cause, the improvement of good roads. We are very proud of these men that belong to the good old staunch stock of the Scandinavian country, that is the class of emigrants that help to make this country what it is today. How many men can we find who will take hold and do what they are doing, and receive nothing but slander and false representation? But such is the world. MRS. P. ANDERSEN.

Quite a little objection was raised among the young folks who are practicing for the play, "Aunt Dinah's Pledge", about the way the cast of characters was written in the Outlook Tuesday. Through a mistake two of the characters were left out. Edgar, locally known as Cecil Duke, though "he don't know nothing at all, that chile don't," thinks he ought to count one and doesn't want to be confused with Rufus, his brother. And "Marse Albert" says he just won't let that "skittish" horse run away and "break him all to bits" if Dr. Waring in the person of Ralph Mercer is not some where handy.

Many people start an account and let it go at that. It's a good thing to make that start at the BANK OF GRESHAM, but unless you keep it up it will make no more abiding impression upon your success than a shadow on a field of corn.

If you bank money while you earn it, you will have money when you can't earn it.
