VENTURA PARK

The property owners near the Reams gravel pit signed and presented to the county commissioners a petition asking that the dumping of garbage into the gravel pit be stopped. The matter was taken up at the last meeting of the commissioners and the owners were assured that this nuisance will be discontinued. There are several other localities that are a menace to health because of garbage dumping and these should also be looked after before the hot weather comes, with its hordes of flies and other disease carriers.

On Thursday, April 23d, Mrs. Noah Perry entertained a number of the ladies of the First Congregational church of Portland. The ladies came for lunch and spent the afternoon. To city dwellers, nature in her blossom dress is most beautiful, as they get this view so seldom, and our community is a bower of beauty now that the blossoms are out. The day was voted a most pleasant one by Mrs. Perry's guests.

On Sunday afternoon the barn on the Austin place, rented by Louis Hill, was burned. The fire is supposed to have been started by the careless use of matches. The Hills lost all the contents of the barn including some furniture and bedding which they had stored there. No insurance was carried.

One of the pleasantest meetings of the Base Line Improvement club was held with Mrs. William Smith on Wednesday. The club met in the recently completed summer house, an artistic structure with a fountain in the center and vines planted on all sides. The hostess served delicious refreshments at the close of the business meeting. Plans were completed by the club for a picnic meeting next month, when the men will be invited to take supper and spend the evening with these industrious club women.

Mr. and Mrs. Axom took a motorcycle trip to Vancouver on Sunday. They report good roads most of the way, and therefore a pleasant trip.

THE MODERN "ONE-HOSS SHAY."

Verses by Ross E. Read; music by the Engine.

Have you never heard of this wonderful Shay?

That is built by Ford, in his logical way.

It runs a hundred miles in a day.

And when you leave it, it will never stay.

Cycles grow autos, others give way.

Airships and wagons go the same way.

But here stands that stout old "Thirty-Hoss Shay"

As stout as when bought, on that Bargain day.

There's something in building of autos,

I guess,

That makes them "Wonders", and nothing less.

You can use them for Business, Jitney or Pleasure.

And when you are through, you have a treasure.

This morning you go to take a drive,

Crank the engine, and it takes a dive.

Other machines get out of the way,

For the Ford, no doubt, just has full sway.

The air is fine, the morning bright,

You go to the corner and out of sight.

The engine runs fine, tis in good fix.

You get to Fifthth and stop perplexed.

For all at once the engine stands still.

The cause you see and the tank you fill.

Unlike the "One-Hoss Shay" you know,

It never breaks down, and never goes slow.

With apologies to Oliver Wendell Holmes.

Bank of Gresham

GRESHAM, OREGON

DON'T WORRY

The good worrier is a poor worker. Men who worry never arrive anywhere. They go by fits and starts. Brother Reader, some time ago you opened an account at the **BANK OF GRESHAM**, didn't you? No, you didn't keep it up. You had so many things on your mind. You were worried about this—and about that. You hadn't the time to give to piling up money in the bank. Cut that habit of worrying out! Pitch in and work. Bank every dollar you possibly can. Get it into the Bank at once. Keep at it and the time will come when you will have no cause to worry.
