Indigestion and Constipation.

"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. A new scheme is announced for the rebuilding of devastated districts of East Prussia. Each of the larger municipalities in the interior of Germany will become "godfather" to one of the towns or villages which have suffered from invasion. Thus Charlottenburg has undertaken to raise the necessary assistance for Soldau, Magdeburg for Johannsburg, and so on. The parent towns are not expected to deal with the general or temporary relief of distress, but rather with rebuilding and town planning.

Sir Robert Hadfield, who has been selected by the British government to assume charge of the engineering works that it has obtained power to take over for the manufacture of war material, is one of the greatest living authorities on the production of steel. In addition to the Bessemer medal, which is the blue ribbon of the Iron and Steel Institute of Great Britain, he has received equally high awards from similar societies in almost every country of the civilized world. Inventor of manganese steel, he is chairman of the great Hadfield Steel Foundry company, Ltd., at Sheffield, on of the biggest ordnance and projectile concerns in the United Kingdom, and, in fact, of the world.

Takejro Tokonami, best known to the foreign public as a promoter of the three-religions conference, when an abortive attempt was made to bring the Christians, Shintosis and Buddhists of Japan to a common understanding, is now the owner of a daily newspaper in Tokio. Until recently he was the head of the Imperial railways, and under his able management they made substantial progress.

NOTICE OF FORECLOSURE SALE.

This is to certify that on this 25th day of May, 1915, I have received from the Pulfer Mercantile Co., and taken actual possession of, the following generally described property, otherwise particularly described by inventory now being prepared, to-wit:

"That certain stock of general merchandise consisting of all kinds of groceries, canned goods, cured meats, flour, feed and mill-stuff, tobacco, candies, hardware, notions and such other merchandise usually kept in a country store and all additions which shall hereafter be made to such stock similar in kind to those above set forth, or otherwise, which chattels are now located in those certain buildings known as the Arthur Regner and E. C. Lindsey store buildings on the east side of Main street in village of Gresham, county of Multnomah, state of Oregon, together with all the fixtures of every kind and nature in said building, being the stock and fixtures formerly owned by Messrs. Bragg and Duncan of Gresham, county of Multnomah, state of Oregon, and all additions made thereto.

The said property to be sold at private sale and retail price for purposes of devoting the proceeds of such sale to the payment of my promissory note and chattel mortgage covering upon said property, for the sum of \$3500.00, together with 8 per cent interest thereon from August 19, 1914, and reasonable attorney's fees, no part of which principal sum nor interest has been paid, except the approximate sum of \$750.00, derived from book accounts of uncertain value now in my possession, and aggregating some \$2000.00 in amount.

It is declared to be the further purpose to avoid sacrifice of said property at forced and quick sale thereof in the interest of unsecured creditors of said Pulfer Mercantile Co., towards the prorated payment of whose various claims the surplus, if any, derived from collection of said accounts and this foreclosure sale, now commenced, shall be devoted, all with the acquiescence and agreed non-resistance of said Pulfer Mercantile Co. hereunto subscribed by its president.
