When the Flies are pestering your Cows or Horses your sympathies go out to them in the agony they are enduring. There is relief.

Your cows cannot be expected to keep up their milk record if they are kept busy swishing their tails in a vain effort to protect themselves from rapacious flies. It is then that you need

"SO-BOSS-SO"
 "SPRAY-A-COW"
 "LILLY'S FLY KNOCKER"

And other preparations will give almost instant relief and keep the pestiferous insects away.

The same remedies are good for Horses and all other livestock. For using these remedies which we have in large quantities, we also have

Sprayers 35c
 Sprayers 60c

The "Safety First" rule also applies to you and your family. There is no need for us to make an appeal to you to provide yourself with

**SPRINKLERS GARDEN HOSE
 SCREENS, AND SCREEN DOORS**

You will protect yourself anyway, but we have a large stock ready for you to choose from.

You Grow as You Bank

Young men do not spring suddenly into business prominence and success. They rise gradually, over a period of years, from small transactions to big ones, from penny profits to great dividends. And invariably the history of a career of commercial achievement is best told in the man's banking record.

Banking Money Means Building Your Future-- Begin Early That Your Structure May Be High

There are more high-salaried positions in this country than there are men to fill them. The secret is training in finance, which begins with ordinary banking knowledge of the value and the uses of money. We will welcome you as a depositor.
