Not So Strange After All

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Rosie Rish, Wabash, Ind., writes, "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." Outlook Roundup Contest

The Outlook with this issue inaugurates a plan whereby any lady in this county may secure a trip to the celebrated Roundup at Pendleton, Oregon, the greatest show of its kind on earth.

Contrary to most affairs of this nature conducted in this vicinity in the past, everyone who desires, and expends a little effort, may receive a trip. In fact all expenses will be paid, including seats in the grandstand at all performances at Roundup Park, automobile service to and from the Park, admission to "Happy Canyon," which is the most unique entertainment feature symbolic of real western frontier conditions ever staged. In fact, "Happy Canyon" is a miniature western town, peopled with the same characters—the cowboys, the bad men, the Indians and all the "fixin's" that comprised the orthodox hair-trigger west that is now almost a memory. First class hotel accommodations (meals included,) or sleeping quarters on one of the splendidly appointed trains that will be run under special schedule on all the railroads to the Roundup. In case accommodations are used on the trains meals in the dining car will be included.

No effort will be spared that the ladies taking this trip will always be able to cherish their visit to the Roundup as one of the most enjoyable occasions of their lives. A committee from the company which is conducting these tours will be on hand to see to the comfort, welfare and enjoyment of their guests.

Here is the Plan.

The Outlook wants more readers and is willing to pay to get them. Any young lady, married or single, residing in this county, may secure a trip for a few hours of pleasant work among her acquaintances. All you have to do is to obtain a few subscriptions to the Outlook. New yearly or half yearly subscriptions count. The fact the Outlook already has a large circulation will be of much help to you, as its readers know its value and will be willing to give you the encouragement of an advance subscription. This is not a contest where a few win and many lose, but every one who puts forth a little effort is sure to receive a trip. All you have to do is to obtain sixty subscriptions. Any ambitious young lady can do this in a few hours' time, easily. "All the world loves a lover," but no more than an ambitious young lady, and when your friends see that you are working for a trip to the de luxe frontier entertainment of the world, which is in itself an education, they will gladly give you their support.

Call at the office of the Outlook and secure a receipt book, have us explain anything you may not thoroughly understand, or, if you reside in the country, drop us a card and we will gladly mail you a receipt book and full details. The Outlook will help you in any way it can, such as furnishing you sample copies or mailing them to any names you may hand in.

It naturally follows that the ones who get an early start will have a little the best of it, as persons will usually give their subscriptions to the ones who approach them first. Do not delay, but call at our office now, or fill out information blank in this issue and mail at once.

What You Will See at the Roundup.

The sixth annual Roundup will be better, grander and more spectacular than in any previous year. New performers will be in evidence, as well as the old stars whose feats have made the Roundup synonymous with nerve and daring. A few of the special features will be pony express races, broncho busting, Indian parade and encampment, tribal dances and fetes, bucking bulls and buffalos, the worst outlaw horses of the plains, bulldogging and riding contests, fancy roping and tying by cowboys and cowgirls, who truly play the leading roles in this red-blooded drama that forcefully portrays the standards of a country and the lives of a people whose strong code has made possible the culture, wealth and affluence that today characterizes the plains.

Born to Mr. and Mrs. Gilbert Bates of Troutdale Aug. 14, a nine pound boy. Miss Anna Kalmar is caring for the mother and boy, who are doing well.

The war is becoming more horrible than we had even dared to believe. Herman Emil Zoch has been awarded the iron cross for playing a piano at the front.

The Case of L. L. Cantelou

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea. Since then no one can sell a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by Gresham Drug Co.—Ad.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. You Grow as You Bank

Young men do not spring suddenly into business prominence and success. They rise gradually, over a period of years, from small transactions to big ones, from penny profits to great dividends. And invariably the history of a career of commercial achievement is best told in the man's banking record.

Banking Money Means Building Your Future-- Begin Early That Your Structure May Be High

There are more high-salaried positions in this country than there are men to fill them. The secret is training in finance, which begins with ordinary banking knowledge of the value and the uses of money. We will welcome you as a depositor.
