We'll All Be Girls.

Forty-five more girls were born in Clackamas county during the months of April, May and June than the number of women who died. This shows two things; that the population is increasing, and that the county is rapidly becoming more and more girl-ish. With practically twice as many girls as boys being born, how long will it be before we are all girls?—Oregon City Courier.

Public nonirrigable lands in Washington totaling 120,000 acres will be opened to entry in September.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is a medicine that every family should be provided with. Colic and diarrhoea often come on suddenly and it is of the greatest importance that they be treated promptly. Consider the suffering that must be endured until a physician arrives or medicine can be obtained. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a reputation second to none for the quick relief which it affords. For sale at Gresham Drug Store.—Adv.
