

AN EXPECTED ELEMENT.

Among the thousands that stream in and out of this carnival scene, are to be found the usual number of chronic growers—those self-appointed mourners, first to arrive and last to leave, on all such occasions the crepe trimmings on the full dress of public enjoyment. Why, bless you, human nature is at no time, nor upon any occasion fairly represented without this element; it's expected—it's the shadow of the perfect picture that brings out the high lights by contrast.

YESTERDAY'S RACES

Continued from page 1
places. The time in the last heat was 2:24 1/2 and was won by Burntwood, with Edie M. second, Boise d'Arc, third, McKinney L. fourth and May Day Hal fifth.

"Keep your powder dry" should apply to fireworks men as well as soldiers.

Parson's orchestra is winning merited praise for its good music as well as the accommodating spirit of its personnel.

The Furrow will be kept clear of all vehicles after this.

Dancing will begin today at 3 o'clock, lasting until 6. The evening dance will begin at 8.

Chicken dinner today at the cafeteria.

Special Fair Week Offerings
Don't Forget \$ Day, Thursday, September 23

OUTLOOK BOOTH FOR INFORMATION

At the main entrance to the pavilion is the Outlook booth and information headquarters. It will be open with an attendant in charge, who will cheerfully impart any information or assist the patrons at the fair in any way possible.

A telephone for local calls has been established at the booth for the convenience of all who may wish to use it. The number is 916. Subscriptions or advertisements for the Outlook will be taken, also combination subscriptions for the Outlook's clubbing list.

BEAUTIFUL FIREWORKS WIN GREAT APPLAUSE

A beautiful pyrotechnical display was fired at the fair grounds last evening which won applause from the vast assemblage. Many beautiful set pieces were shown including the historical battle ship Oregon. These fireworks are of a home industry, being manufactured at the fair grounds by M. H. Squires and his assistants, who in the near future will establish his factory here. Mr. Squires has the contract for the fireworks displays to be given at the state fair at Salem.

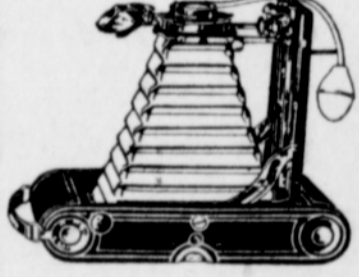

Special Premium.
See premium rocker in R. R. Carlson's show window for largest collection of blue ribbons awarded any one person for entries in Domestic Science department. In case of ties the award will be decided by lot.

Electric vacuum cleaner \$21.50, (guaranteed) at Sterling & Klidder Hdq. Co. See them at the fair.

Feature Program.
Smith's Picture Show on Main street will be open from 11 a. m. until 11 p. m., with a feature program besides the Romance of Elaine. Admission 5 and 10 cents.—Adv.

Photo Premium Given
During Fair week I will give with every dozen cabinets, one dozen post cards. Premiums on other orders. Adv.—MAXWELL SCHNEIDER.

For Sale.
Thoroughbred Bull Terrier pups, subject to registry. Apply at A. E. Kessler's barber shop.

KODAK SERVICE
That's what you get at Burke's Jewelry Store in every sense of the word.

Headquarters for
KODAKS AND KODAK SUPPLIES
A complete line of all supplies. Developing and printing first-class. Work done promptly at lowest prices.

Children's Day Tomorrow

Daily Fair Outlook

MULTNOMAH COUNTY FAIR GROUNDS, FRIDAY, SEPTEMBER 17, 1915

STOCK PARADE FOLLOWS RACES

After the races were over yesterday a stock parade took place led by the Police band.

All the animals in the stock pens passed in parade and counter-marched before the grandstand. A. C. Ruby's registered stallions were the first in line, and then came the herds of prize-winning Jerseys, Guernseys, Holsteins and Brown Swis.

When the cattle passed in review it was noticed that each had a keeper that looked little as a dress like a farmhand. Then Ed Werlein solemnly announced that this was the greatest aggregation of thoroughbred stock in the world. Sol Baum, Marshall Dana, Dr. Spencer, Harold Jones, Pem Gault and numerous others of the members of the Progressive Business Men's club filed by, each tugging at a blooded animal.

Mayor Stapleton got Mayor Albee in a racing cart and exhibited him in the parade as a Portland "blooded" exhibit.

The Oregonian says the fair is just one big family party and mentions the livestock in the same breath. Glad to know which class we are in, and the interest we take in our Portland admirers is certainly appreciated.

The Portland parade yesterday was headed by a corn-decorated car. At the tail end was a farm wagon with a load of corn for Ruby's stock. Tomorrow will be Farmers' Day. Those who miss the fair this year will live to regret it till they die.

The police force was increased by five more men yesterday. They will stay on duty until the fair closes. All the concessions are doing well and will come again.

Special Offer.
During the week of "Our Fair" we will give with every purchase of a Round Oak Chief Range, 12 yards of Lineoleum. It is a rare offer.
R. R. CARLSON.

In speaking of art matters it would not be proper to omit mention of Arthur Loudon who is the official sign writer of the fair. His work speaks for itself.

FINE FARM MACHINERY EXHIBITED BY HESSEL IN THE MACHINERY HALL

Half of the machinery hall is taken up with Hessel's farm machinery exhibit. It is just the biggest and best that ever was shown at the Gresham fair and reflects credit on the enterprising firm that installed it.

There are so many varied implements of farm use and some of household necessity that a complete description is impossible, but those interested in almost everything in these varied lines can get full information and literature at either the fair grounds this week, or at the store on Main street.

Chief among the growing necessities of today on the farm is the silo. Hessel is agent for the Ironclad, one of the superior kinds, and one that is being installed on many dairy farms in this vicinity. Models and demonstrations may be seen and they should be fully examined by every progressive dairyman.

An attraction that is curiously inspected by every visitor is the Milwaukee water system in actual operation. It pumps water direct from the well into the house or barn by air pressure. There is nothing to freeze and nothing to get out of repair. It may be installed in any well. The following from the descriptive pamphlet tells the whole story:

"It is guaranteed to work successfully under all conditions, and at any pressure from five to 100 lbs. It has no 'rubber diaphragms,' 'needle point vent valves,' 'rotary valves,' or 'floats,' to get out of order. It is 30 inches long, and will deliver its rated capacity if submerged. Does not require 8 to 10 feet of water in which to operate; does not require 'coaxing' to start; will not 'quit' if the water contains sand or grit; in fact the inventor of the Milwaukee Air Power Pump has anticipated the conditions under which a pump must be used, and has designed and built a practical pump that will give satisfactory results under all conditions.

"An air-tight brass hood protects the working parts from contact with the water, eliminating the possibility of sand, iron, lime or foreign matter.

Louden barn equipment is just as great an advantage to the man who has an old barn that he wants to remodel or equip, as it is to the man who is building a barn for which he wants every possible convenience.

YESTERDAY'S CLASSY RACING EVENTS

Yesterday's races were the best that have ever been seen on the Gresham track, but better ones are to come. In yesterday's events, both the 2:15 trot and the 2:30 trot drew classy entries and the three heats run alternately in these two events drew cheer after cheer from the crowds that lined both sides of the course and filled the grandstand.

Jenney May, owned by Zigler and Misner, of Portland, and driven by Jim Stanford, drew the lion's share of applause by stopping the second heat of the 2:15 trot in 2:16 1/4, a record for the Gresham course.

All the entrants in this event finished in the same order in each heat. The first four with their owners and drivers were Jenney May, Zigler and Misner, Jim Stanford, Sunny Jim, H. C. Davis, of The Dalles, H. C. Davis, Lena Patch, O. J. Brown, of Gresham, John Sawyer, Oakland More, G. K. Howitt, of Portland, G. K. Howitt. The ease with which Jenney May finished each heat won the applause of the crowds.

The other two heats of the 2:15 trot were run in 2:19 1/4 and 2:19. This race was stepped for a \$250 purse.

Burntwood owned by James Coffid, of Salem, and driven by Ed. Brain, nosed out a first in each of the three heats, with Edie M. pushing hard clear to the finish. In the third heat May Day Hal got off with a perfect start and led around the first turn, but broke and finished a poor fifth. A good second and third were the places taken by May Day Hal in the other heats.

In this race the following horses finished in order: First heat, Burntwood, first; Edie M., owned by M. J. Myers, of Portland, driven by him, second; May Day Hal, owned by Henry Wils, Portland, driven by John Sawyer, third; Boise d'Arc, owned by Mrs. A. L. Merrill, Oregon City, driven by C. H. Wheeler, fourth, and McKinney L. owned by Tom Howitt, Gresham, driven by him, fifth. Time, 2:30.

The second heat was run in 2:36 1/2, and fourth and fifth places remained the same as in the first heat, but Edie M. and May Day Hal interchanged in second and third.
