

SURFACING PROGRESS ON THREE ROADS

Hard surfacing has made good progress on the three county roads now being improved. The last stretch on the Powell Valley road was "spiked" yesterday by the Lineman farm and the Kronenberg road. It will be rushed to a finish within the next ten days.

On the Base Line the roadway is torn up from Ruby to a point beyond the Twelve-mile House. At the Baker hill is an unfinished section, but it is believed that the road will be opened by October 1.

On the Sandy road the work has progressed east of Fairview. A tunnel is being made under the railroad track at the Samoni crossing. Considerable concrete work is being done there to hold up the car track. Sand for the cement was taken from the river bank at Troutdale. The work on the Sandy road will take longer time than the others but it will be finished early unless rain interferes.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is a medicine that every family should be provided with. Colic and diarrhoea often come on suddenly and it is of the greatest importance that they be treated promptly. Consider the suffering that must be endured until a physician arrives or medicine can be obtained. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a reputation second to none for the quick relief which it affords. For sale at Gresham Drug Store.—Adv.

TEMPERANCE WORKERS TO HOLD CONVENTION

The annual convention of Women's Christian Temperance Union of Multnomah county will be held at Central M. E. church, Vancouver avenue and Fargo streets, Portland, Saturday and Sunday, September 25 and 26.

Full programs have been prepared for the two days which will be of interest to all temperance workers. The convention opens at 9:30 on Saturday morning with devotional services. At 9:50 the reports of superintendents will begin and each of the twenty-six departments will be given three minutes. The stories of the local unions are scheduled for the forenoon also. Among those to be given are Gresham and Pleasant Home. The afternoon session will be taken up with routine business. In the evening a gold medal contest will be held under the direction of Mrs. Ponnay.

The convention sermon will be preached Sunday morning at 11 o'clock in the convention church by Mrs. Mattie Sleeth, county president. One of the most popular sessions of the convention will be a platform meeting Sunday afternoon at 3 o'clock, when Attorney-General Brown will answer the question, "How can the W. C. T. U. aid in the Enforcement of the Prohibition Law?" and District Attorney Evans will discuss the enforcement of the prohibition law in Multnomah county.

The evening session will relate to the Young Peoples' branch, and will be in charge of Mrs. Downing.

Those wishing to go by street car may take either the Williams avenue "U" car to Fargo street or the Russell-Shaver car to Monroe street. The former will be one block and the latter two blocks from the church.

HIGH SCHOOL ROLL TAXES CAPACITY

Enrollment at the union high school yesterday was 142, a gain of only two during the week, but it is expected that several more will register soon. The capacity of the new building will only accommodate 150 without crowding and the prospect for an enlargement of the school-house is already showing itself.

Another teacher has been authorized by the board of directors and one is being sought for who can take up any branch at short notice as an assistant to the regular staff. It is likely that a man will be elected.

A new course, penmanship, has been added which the new teacher will have charge of.

The American flag recently shown in the window of the Bank of Gresham, in size 7x12 feet, belongs to the school and will be flown from the new flagpole which is being erected in front of the building.

The enrollment to date shows that there are more girls than boys in the school and that the grades show fewer in numbers as they go upward.

Following are the divisions in the four grades and in the class of post graduates:

- Post graduates—Two boys, seven girls.
- Seniors—Two boys, nine girls.
- Juniors—Eight boys, six girls.
- Sophomores—Eighteen boys, twenty-four girls.
- Freshmen—Twenty-eight boys, thirty-one girls.

PAINT

We don't want to be personal but it appears to us that there are a lot of buildings in this vicinity on which a coat of good paint would be good, sound economy. As we are in the paint business it falls upon us to warn you of the situation. Without paint a building soon deteriorates, to say nothing about the appearance. The balance is on the wrong side of sheet.

A coat of good Paint brightens and cheers, MAKES THINGS LOOK ENTIRELY DIFFERENT, and we suggest that you use the best as there is no economy in cheap paint. Better take stock of your buildings and see if you can afford to let them go till another year. This is a splendid season to paint. You will find a complete stock of Paint at
