**COLUMBIA HEIGHTS**

Columbia grange held its regular meeting last Saturday but for some reason the attendance was small except at the dinner table, the membership had greatly increased in numbers. You know Columbia grange has a name for giving good dinners and last Saturday's proved none the less substantial. Everybody did justice to the good things prepared by the sisters of the grange, not to forget the many different kinds of jelly presented by Mr. and Mrs. Dickenson, who need no introduction. Mr. and Mrs. Dickenson of Oswego grange and Mr. Kreuder of Lents grange, came over with the intention of instructing, and give us assistance in our grange work, but owing to the lecture given by a speaker from O. A. C., on potato pests and treatment of same, the biggest part of the afternoon slipped away and our prominent visitors did not get any time for their work, but we are more than glad to know that in the near future, we shall have the pleasure of greeting these parties to a better advantage. Miss Coulter, a member of our high school faculty, took the first and second degree.

The concert given at our hall last night by the Jubilee singers, a quintet composed of colored people, was a success from beginning to finish and they had a full house, and an audience that was pleased to the full extent. Their program was so well planned that there wasn't a dull moment during the performance and every member proved an artist in his or her line. We feel that we were given a treat which doesn't very often come our way. We surely and truly recommend them as fine singers.
