# BIG RETRENCHING SALE

Having decided to discontinue a number of lines of goods I am now carrying in my store, I propose to sell these goods regardless of cost. Do not confuse this with many clap-trap, would-be sales. I expect to be in business at this same location for many years to come and would do nothing to destroy the confidence of my customers. Therefore, a partial list of the number of items which I am going to offer for sale, as enumerated below, ought to appeal to the prudent housewife and father.

## Six Days, December 13 to 18

Mother used to say that sulphur and molasses was a good thing to clean the system. So, to force out these lines more rapidly I will have an

BASE LINE ROAD

It is a popular error to think that the pulse may be felt only at the wrist. It may be felt in any superficial artery—for instance, at the temple; in the neck, or behind the ankle, on the inner side.

General Alvaro Obregon, the one-armed Mexican hero, has won a bride, Miss Hortencia Tapia, daughter of a wealthy Hermosillo rancher, the affair having begun before the revolution and been kept warm by frequent visits throughout the troubled times.

Perhaps it is the old "proximity" theory that makes one smile at the western advertisement which shows one below the other in what type-setters call a "box," an offering of canary birds at \$2.19 each and a "seamless" sanitary self-basting roaster with inside pan, marked down to \$1.19.

The demand for war literature in Germany can be surmised from the fact that between the beginning of the war and December 1 last 1,500 books and pamphlets falling into that classification were published, while by now the volume has swelled to approximately 5,000 separate works.

A group of explorers and adventurers just back from Africa report that during the six years of their wanderings they employed perhaps 20,000 porters and lost but one man killed, a record which might give pause to people who have thought things about the comparative safety of that continent and Europe.

**Good for Constipation.** Chamberlain's Tablets are excellent for constipation. They are pleasant to take and mild and gentle in effect. For sale by Gresham Drug Co.—Adv.

### COTTRELL

Miss Oria Katherine Quicksall of Trowbridge, Illinois, and Elmer Elsworth Van Fleet of this place were married at the home of the bride's parents in Trowbridge, Illinois, Saturday, December 4. Mr. and Mrs. Van Fleet will return to their home here soon.

Mr. and Mrs. Jackson, Mrs. James and daughter Miss James and Mrs. Crawford were the guests of Mr. and Mrs. Joseph Manary, Sunday.

Cream colored horses were always bred to draw the royal Hanoverian carriage until Napoleon captured Hanover and appropriated all the animals of this color, a proceeding which made George III of England so wrathful that he would drive behind none but black steeds until the Little Corporal was safely put away on that island.

The statement that "The Old Oak-en Bucket" was inspired by a terrifically hot day can hardly be expected to arouse any weird gestures or loud screams or indignant denial, especially since the author, Samuel Woodworth, son of a Massachusetts farmer, was born in 1785 and can scarcely be in a position to state his views of the case.

The gypsy's habitation of this country dates back to 1889, the year in which a French naturalist, employed by Harvard university, imported a few of the caterpillars with the purpose of crossing them with silkworms. The English sparrow was not brought here to repel this particular pest, its introduction having come nineteen years earlier, in 1850.

### Danger Signal.

If the fire bell should ring would you run and stop it or go and help to put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Beeching, Andrews, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." For sale by Gresham Drug Co.—Adv.
