

# BERT LINDSEY'S Great Stock-Reducing Sale

has been running one week, and many thrifty people have availed themselves of this unprecedented opportunity to make their dollars do double duty.

The stock is moving fast and as we must reduce the amount of goods in every department, we are not replacing the lines sold out. Those who come early get first choice.

There never was and may never be again such a money-saving opportunity as we now offer you.

Our entire stock is included in this great sale. No Humbug --- No Fake. We have sold our store and must reduce the stock about \$3,000 before our buyer will take it off our hands. The quicker we can move these goods, the better it suits us, and we have made prices that you can't get away from if you want merchandise.

Don't Delay; Come Right Away, for as soon as we have sold the required amount, the sale will stop.

GET IN THE HARNESS AND DO.

The way to have a bank account is to start one and not resolve to start one. The time to start one is Now. Today not tomorrow.

A FEDERAL RESERVE BANK OFFICER said recently in our presence, that there were more and better opportunities for the young men of today than ever before, that he knew of one firm on the Pacific Coast who were now looking and had been looking for more than one year for a young man to fill a position at \$10,000 per year.

That man must be a man who had made his way, capable of saving, and handling not only his own affairs but that of others profitably.
