MAIN ST. **AYLSWORTH** GRESHAM

Although Robert Fulton, in 1807, was the first to make the steamship an every-day affair, Dennis Papin had driven a boat with a steam engine exactly 100 years earlier, and the same man, who invented the piston rod in 1699, then proposed to use his device for driving the paddle wheels of boats.

Those who were instrumental in passing the federal migratory bird law in 1913 may well feel proud of themselves, bird census data indicating an increase of from 10 to 100 per cent. in the water fowl breeding in a number of specially examined localities.

Cats are said to wash right over their ears when rain is approaching.

A Foolkiller, a submarine which was invented and put into commission at Chicago soon after the great fire of 1871, and which sank with its owner to the bottom of the Chicago river, has recently been found. The craft was cigar shaped, forty feet long and five feet wide.

Platinum thrown away by early Spanish explorers, ignorant of its value, often is found in excavating foundations for new buildings in Columbia, sometimes in sufficient quantities to pay the cost of a building.

A bridge over the River Dee, in England, that was built in 1280 still is in use.

ALL THE DOINGS OF 'YOUR HOME TOWN'

Mr. and Mrs. Frank Dickenson were at Geo. Pullen's today helping Grandpa Landon celebrate his 83d birthday. This is also the 63d birthday of Mr. Dickenson.

Mrs. Mabel Myers will be brought home from Good Samaritan hospital tomorrow. She has been able to sit up for several days and is rapidly recovering from the wound inflicted by Kemp's bullet.

E. C. Smith, son of "Farmer" Smith, who had charge of the O-W-R. & N. corn show at the fair last fall, was a Gresham visitor yesterday. He is a candidate for the place of county agent, and was seeking some endorsements.

Miss Eva Anderson is confined to her home on Wallula Heights with the grip. Jas. Elkington is acting secretary of the Telephone company during Miss Anderson's absence.

Dr. S. P. Bittner has purchased a new Overland automobile from C. M. Zimmerman.

Mrs. Clara Webb Smith, formerly of Portt Blakeley, Washington, was in Gresham last week calling on old friends and neighbors. Mr. and Mrs. Smith have moved to Polson, Montana, where Mr. Smith has a position in the government reclamation service, having disposed of his place near Seattle.

David Weaver returned last week from a trip to Prosser, Washington, where he spent the holidays with a cousin. He reports conditions very promising there.

Percy Smith started yesterday for San Francisco and other California points. He will likely make an extended tour of southern and middle western states.

Mr. and Mrs. Ed. Roberts, of Welches, are spending the winter with Mr. Roberts' parents, Mr. and Mrs. John Roberts. Ed is sick with the grip.

Samuel J. Bliss, one of Gresham's blacksmiths, is serving time on the jury in Portland. The shop will be closed until his return, probably late this month.

Aylsworth's basketball team will play with the Swastika club of Portland, Thursday night, January 13. The admission will be 15c. Everyone come and boost the home team.

J. T. Stillions has moved his plumbing shop to the Sell building on Second street. D. C. Ross, owner of the vacated building on Main street, has installed fixtures and will open a temperance bar.

Mrs. Jay Gould, who recently went to Corbett to visit her mother, has been quite ill and has been taken to the hospital in Portland.

J. Gould and eldest son have returned from Corbett. He has taken a contract for cutting 600 cords of wood near Latourell Falls. He will use a drag saw. When the camp is ready he expects to have his family with him there.

Ross Clark, of McMinnville, who has been selling the Cox Farm Accounting system, after spending the holidays at home, has returned to this locality and call on the farmers during the next week or two.

Gambia, West Africa, has an area of 3,619 square miles and a population of 146,101.

Operated entirely by electricity, a drydock in Holland can lift vessels of 8,000 tons register.

Gresham Team Winning.

In one of the best games of the season the Aylsworth team defeated the Portland Overlook team last Friday night by a score of 31 to 13. Wilbur Stanley playing the best game of his career was easily the star, securing 14 points for his team.

The regular center, Harry Stanley, was out of the game on account of grip and also Manager Crado who plays a guard position.

The attendance at the game was very small, there being only ten paid admissions. This did not affect the playing, however, and next Thursday night the Aylsworth boys will play the Sellwood Swastikas. A fast game is assured and a large attendance desired so the boys can meet the expenses of bringing the Sellwood boys out.

The Gresham line-up was as follows: Q. Metzger, 4 points; W. Metzger, 6; E. Brown, 6 points; W. Stanley, 14 points; R. Stanley, 7.

An automobile load of Woodmen will go to Portland tomorrow evening to the banquet to be given by Multnomah camp at the Multnomah hotel. Among those going will be M. M. Squire, H. L. St. Clair, E. L. Thorpe, Chase St. Clair and Leslie St. Clair.

Gresham Grade School Notes.

The eighth grade now has twenty-nine pupils as compared with nineteen last year. Ruth Tibbits is the latest one to enroll in the eighth.

A meeting of parents and teachers of District No. 4 will be held in the school auditorium Friday, January 21, at 3 o'clock in the afternoon for the purpose of re-organizing the Parent-Teacher association of the district.

The eighth grade perfected its organization last Wednesday by electing Mabel Metzger, president; Henry Karpenstein, vice president; Esther Peterson, secretary-treasurer. They chose purple and gold as class colors, the carnation as class flower. Ruth Inglis and Robert Thomas were elected as leaders.

An industrial club of forty members has been organized. A school fair will be held in the fall at the schoolhouse at which time the products and articles made by the members will be exhibited.

The following new pupils enrolled last week: Audrey Avery, Ruth Tibbits, Neltje Tibbits, Anna Snyder, Ida Burgess, Carrie Snyder, Edgar Tibbits, Dorothy Hamilton and Kenneth Burgess.

This week is the last of the first semester.

Regular examinations are being given in all grades this week.

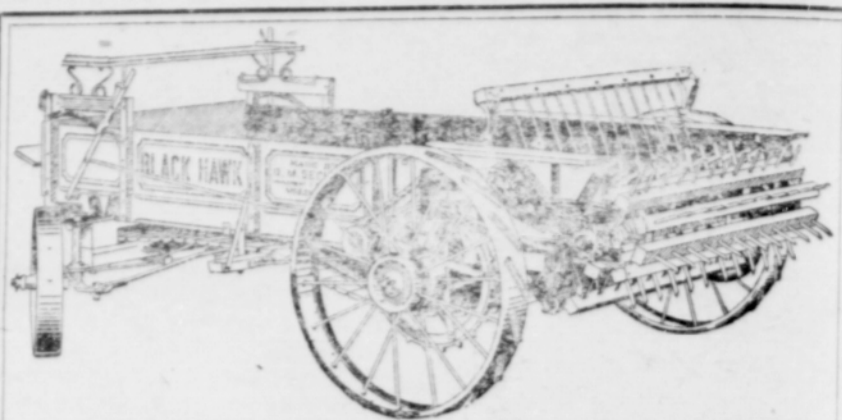

Athletic manager, Thomas Parker, will organize a baseball team as soon as the weather permits.

A Unique Auto Road.

Many of the auto tourists that visited the two expositions in California this year had occasion to travel over one of the most peculiar auto roads in the country. West of Yuma, Ariz., there is a chain of sand dunes extending cross-country for many miles. In order to get through from Yuma to San Diego it is necessary to cross these dunes, which are about six miles in width at this point. They are composed of fine sand that is practically bottomless. These dunes are called walking sand hills, because they shift with the action of the wind, it being estimated that they have "walked" about 100 feet in the last fifty years. In order to make a passable road across the dunes the citizens of Imperial county decided on a plank road. Planks 2x8x12 were laid three for each runway, thus forming two strips of planking two feet wide, with a space of perhaps three feet between them. The planks were securely bolted together. This made a road for all practical purposes as good as a concrete boulevard. The original outlay was several thousand dollars and a man has to be employed constantly keeping the road in repair and keeping the sand from drifting over it.

In order that traffic going in opposite directions might not be hindered there are switches at intervals so that one of the autos may take the "siding" while another goes by. There are several stage lines running over this plank road and in addition to this there are from ten to twenty autos traveling in each direction daily. When an auto slips off the boards it is some trouble to get back on, but the boards are so well bolted together and the roadway so wide that there is no excuse for slipping off, a speed of thirty miles an hour being possible with safety.

AWAY WITH NEW YEARS' RESOLUTIONS
GET IN THE HARNESS AND DO.
Is worth more to you than all the resolutions that you can frame. The world is looking for the man who does things and not for the man who resolves to do something.
The way to have a bank account is to start one and not resolve to start one. The time to start one is Now. Today not tomorrow.
A FEDERAL RESERVE BANK OFFICER said recently in our presence, that there were more and better opportunities for the young men of today than ever before, that he knew of one firm on the Pacific Coast who were now looking and had been looking for more than one year for a young man to fill a position at \$10,000 per year.
That man must be a man who had made his way, capable of saving, and handling not only his own affairs but that of others profitably.
A good time to start that bank account is right now. A good place the
